Santa Claus

made by

Santa Claus is based on
a real person, St. Nicholas.

He was a Bishop who lived
in Turkey in the 4th century.

He was a very rich man because
his parents died when he was
young and left him a large inheritance.

He gave away all of his wealth
and traveled the countryside
helping the poor and sick.

St. Nicholas Day is celebrated
on December 6, the
anniversary of his death.

In England was called
'Father Christmas'.

In U.S.A., his name was
'Kris Kringle'.
In Belgium and France,
he's called Père Noël.

Some people say that Santa Claus
lives at the North Pole.

He travels through the sky on
a sleigh pulled by magical reindeer.

He enters houses at night through
the chimney and places presents
for children.

A true hero of the people,
St. Nicholas still delivers his
magical gifts each year at Christmastime.
The gifts Santa Claus delivers, gifts of hope
and joy, bring the joy of giving to all the
children of the world.
