

A Shared Moment of Celebration

May 8, 2025. Victory in Europe Day - also known as VE Day - celebrates the Allied Forces accepting the Nazi's unconditional surrender from World War 2.

We would love to know how your WI plans to celebrate this special date.

Some communities may be involved in the 'Light Lamp of Peace' initiative, where lamps will be lit at 9.30pm on 8th May. This will coincide with the lighting of beacons across the country.

Please share your celebrations with us by sending your photographs and articles to our Editorial Team at editorial@ifwi.org.uk
