

LANCASHIRE FEDERATION OF WOMEN'S INSTITUTES

PUBLIC AFFAIRS TEAM

Welcome to Eco Town

Eco Town is based in the Environmental Education Centre at Farington Waste Recovery Park.

During your visit to Eco Town you will discover different ways of recovering valuable resources from household waste and how to reduce, reuse and recycle.

Reduce

avoiding
creating
waste in the
first place

Reuse

using
something
again, for the
same purpose

Recycle

a process
involving
energy where
old materials
are used to
make new
things

Thursday 22nd October – 10am – 1pm

At Eco Town – Environmental Education Centre, Sustainability Way,

Leyland, PR26 6TB - £5.00 per person

Join the Public Affairs Team for a tour of this facility, which is designed to be accessible, with several seats along the route including places where the whole group will pause to watch a video. It takes about 2 hours to cover approximately a 2km site at a very comfortable pace, but it may be advisable to wear comfortable, flat footwear. If there is anyone with mobility problems, we can inform the staff provided we have advance notice, they assure us it won't be a problem. There is plenty of parking and one mobility space has been reserved. We will be given an induction and safety talk, before commencing the tour at 10.30am, then at about 12.30 – 1.00 pm, we will move to the LFWI offices at Croston House for refreshments and a general chat about what we have seen.

This event will be available to book on the LFWI website from Monday 3rd August.
