

# ToP® Secrets of Implementation

**Join our training and reignite your plans!**

Learn how to keep plans and projects alive and moving forward, crush roadblocks, stay focused, realign within a shifting landscape and celebrate success. Don't miss out!

This course is beneficial for facilitators, project managers, community organizers, educators, and professionals seeking practical skills for maintaining momentum and achieving desired outcomes when implementing any plan.

Stephanie Ahles

## What you will learn:

- A structured approach for managing complex projects efficiently
- Effective strategies for leading organizational change
- How to foster team collaboration and alignment towards common goals
- How to sustain momentum and build confidence in the midst of change
- How to overcome obstacles and deal with tough issues
- Ways to adjust implementation processes for better future results
- Creative ways to build closure and reflect on learnings
- Engage in real-world applications alongside your peers, sharing case studies and discovering innovative ways to incorporate your new tools into real-life implementation projects

**Don't miss this chance to enhance your facilitation skills and add tools for successful plan implementation!**

**May 8-9, 2025  
Irving, TX**
