

Mission for 2025

January/February/March/April

Mission for 2025: Expanding Impact through Soldiers Home Runners Club

Building on the essential groundwork laid in 2024, our mission for 2025 is to amplify our efforts to support homeless and disenfranchised veterans. Through the **Soldiers Home Runners Club**, we aim to raise \$30,000 in the first half of the year by selling exclusive apparel in collaboration with **Insomniacathlete.org**. These funds will directly fuel our mission to provide resources and programs for veterans in need.

Continuing the vital initiatives of 2024, we will prioritize:

- **Operation Nourish:** Ensuring access to fresh produce and essentials for veterans.
- **Community Engagement:** Organizing beautification projects at the Soldiers Home to restore dignity to the land.

New for 2025, we are introducing **guided tours of the Soldiers Home**, led by veterans who live there, to expose the ongoing racketeering and corruption. These tours will educate the public on the misuse of veteran-dedicated land and rally support for justice and accountability.

Join us in carrying forward this mission. Purchase apparel, volunteer your time, or attend a tour to take action. Together, let's make 2025 a turning point for veterans and their rightful resources!

Best regards,

Ruben Ventura
