\* **Minimum “dock level” charge will be 1 ton rate for applicable orders.**

**“6-8 feet of deck space required”** Minimum charge will be **¾ ton** rate depending on weight.

**“9-12 feet of deck space required”** Minimum charge will be **1 ton** rate depending on weight.

**“13-16 feet of deck space required”** Minimum charge will be **2 ton** rate depending on weight.

### Waiting time

A waiting time charge may apply when wait time is excessive.

### Cubic rate

If a large item being shipped does not have a significant weight the charge will be calculated using cubic rate, this applies to items which have a volume of 12 cubic feet or more. The cubic rate will be calculated as 22 pounds per cubic foot.

### Fuel surcharge

Deliveries are subject to fuel surcharge. The current fuel surcharge rate is available at [powerexpress.ca](http://powerexpress.ca)

### Light haul and hotshot rates

<b>½ Ton and ¾ Ton trucks</b>	<b>\$115.00 hourly</b>
<b>1 Ton and 2 Ton trucks</b>	<b>\$125.00 hourly</b>
<b>20' - 40' Trailer</b>	<b>\$145.00 hourly</b>
<b>Cube van up to 3 ton</b>	<b>\$135.00 hourly</b>
<b>Power tailgate or enclosed vehicle</b>	<b>\$135.00 hourly</b>
<b>53' Tractor and trailer (deck or van)</b>	<b>Call for quote</b>

**\*Please note that we have changed our hotshot rates to an hourly charge. Our fleet safety department has determined that drivers are more compliant with speed limits when an hourly rate is charged rather than charging per kilometer. The safety of our staff and your family is top priority at Power Express.**
