

With this madness of weather that continues to afflict us, please keep a close eye on those around you and please don't forget the value of reaching out to help each other in times like these. If you know of a Senior Veteran struggling with these winds and temps please reach out via Facebook messenger or email me at: ahh-james@outlook.com

The MatSu Senior Veteran Winter Readiness Program aka: OPERATION WINTER WARRIOR is and has been in full-swing providing firewood and basic heat resources along with quick-fix temporary stop-gap solutions and repairs for our Elder Warriors facing damage due to the conditions. We are developing courses of action for full fixes once the winds subside and safer conditions exist for our all volunteer teams.

VOLUNTEER OPPORTUNITIES

Join Task Force Brothers Keeper! If you'd like to be involved in being a part of the solutions you can reach out via email to ahh-james@outlook.com

- Wood cutting/processing.
