

## **AREA is Seeking Competent, Qualified Candidates for the Alum Rock Union School District Board**

The upcoming elections will be a pivotal event in our community and the nation as a whole. Who we elect to represent our Alum Rock Community on the Alum Rock School Board will have a lasting impact on our educational, social, and political future.

We are excited that we have the opportunity to elect two candidates to the school board to fill the two seats that will be open this November. The School Board positions are a four-year term and the newly elected members will help to shape and form the direction of our district.

We are seeking community-centered applicants for these critical leadership positions who are aligned with our values and are committed to ethical, responsible, and effective leadership. These individuals will best meet the educational needs of the diverse community we serve. If you know a potential candidate or candidates that would serve our Alum Rock community with integrity, please encourage them to complete our Candidate Bio form and Questionnaire attached below.

### [Candidate Bio & Questionnaire](#)

**Please have them complete and return these forms by August 8th to:**
