

Capabilities Statement

Osio Solutions LLC is a Native American–Owned Small Business providing healthcare-focused information technology consulting, data, compliance, and staffing services to federal, state, and public-sector organizations. Osio supports mission-critical healthcare and health IT initiatives across the full system lifecycle while ensuring regulatory compliance, data integrity, and operational continuity.

Core Competencies

- Electronic Health Record (EHR) implementation, optimization, interoperability, and sustainment
- Health data architecture, analytics, reporting, and applied artificial intelligence solutions
- Regulatory compliance, privacy, security, governance, and audit readiness
- IT advisory services, program management, and interim leadership support
- Healthcare IT staffing, clinician-led teams, and specialized program support

Differentiators

- Leadership team with over 60 years of combined healthcare IT and public-sector experience
- Oversight abilities to manage hundreds of healthcare technology implementations across clinical and enterprise environments
- Access to 3,000+ vetted healthcare IT and clinical professionals
- Ability to integrate with clients and contractor teams as a mission partner
- Deep understanding of compliance-driven and security-sensitive healthcare environments

Past Performance Summary

Osio leadership has supported healthcare IT programs for hospitals, health systems, and public-sector organizations including large-scale EHR deployments, data modernization initiatives, compliance programs, and workforce augmentation. Specific contract references and CPARS information are available upon request.
