# PAC Events Ltd March 2024 Newsletter

## PAC News

WOW Where did February go!? We hope that you had a fantastic month. In February we were busy with a large exhibition in London. Our team were on site running exhibition stands and coordinating efforts to ensure the event was a huge success. With post event feedback under our belts planning soon started for the 2025 edition of the event to ensure that everything is in hand for the events brand new location.

In other news, our very own Stephen is in training to take part in the 24hr three peaks challenge on the 27th June 2024 - starting off in Ben Nevis to Scafell Pike finally doing Snowdon all within 24hours, walking over 26 miles. Stephen and his friends are taking on the incredible challenge to raise money for teenage cancer trust who have supported a friend of theirs currently undergoing treatment. To find out more about their story and if you would like to support Stephen & his team to reach their target you can follow the QR code or link below. Thank you.
