

Your procedure will be performed at:
Southwest Pain Management
1350 W. Walnut Hill Lane, Suite 100., Irving, TX 75038

Procedure Date: _____

Procedure Time: _____

Injections / Procedure instructions

- Please arrive 30 minutes before your procedure scheduled time to be able to complete the paperwork.
- Please bring a photo ID and your insurance card with you.

If you are on any blood thinner such as coumadin, Eliquis, Pradaxa, Xarelto, or meloxicam (Mobic), or Aspirin, **please ask your prescriber if it is safe to temporarily stop taking the medication.** These were prescribed to stop a clot from forming but can also increase your risk for bleeding during and after a procedure. If your prescribing doctor allows, **please stop the blood thinner 7 days prior to your scheduled procedure. If you are NOT able to stop the blood thinner, please let us our office know as soon as possible.**

If you are **having anesthesia** for your procedure:

- You **must not eat or drink anything for at least 8 hours** before your procedure. You can take your regular medication (except blood thinners) with a sip of water the morning of your procedure. If you have diabetes, please let our office know when you schedule so that we can schedule you in the morning.
- You must bring a responsible adult driver

Signature _____ Date: _____ -
