

# SOPHIE PALMER PHOTOGRAPHY

## PRE-SCHOOL PHOTOGRAPHY INFORMATION

Sophie Palmer Photography is a locally owned small business servicing Sale and surrounds. We offer a number of services including families, pre-school photography, and fundraising options.

### PRE-SCHOOL & KINDERGARTEN SERVICES

Our pre-school service was introduced in 2018 and we are now looking at expanding the centres we offer this service to after receiving high quality positive feedback.

When it comes to a child's pre-school memories, our focus is ensuring there is little disruption to their routine day as possible. We aim to capture them naturally in their everyday environment, documenting the children partaking in day to day activities with minimum interference.

Forms requesting parent/guardian contact information are sent out in the weeks prior to the photographs being taken, and will be collected on the day. Parents can place their orders through a private online gallery of their child's images removing the hassle of your centre handling cash. Your centre's profits will be transferred within 10 business days of orders closing.
