(mail form only if paying online)

The Robert Cook VoTech Scholarship Fund was established in 2019 to provide financial assistance to GEHS graduating seniors who will be attending a vocational-technical school rather than a traditional college or university. The fund was named after long-time Gardner resident and businessman, Robert Cook, who passed away in 2018. Robert ran an auto repair business and often allowed high school students to work in his shop for a few days if they were considering a career in the auto repair field. He was a strong advocate for promoting work in the auto repair field. With funds from a BBQ dinner and a car show we awarded 3 scholarships in 2020.

Beginning in 2021 we joined with the Gardner Edgerton High School **Car Club** to focus on a car show at the High School as the primary fundraiser for the Scholarship. Their efforts in planning and operating the show have been a great learning experience for them. Attendees often comment on how much they enjoyed seeing the students run the show. Since that time we have awarded scholarships to nine additional students who went on to attend welding academy, auto technician school, diesel technician school, etc.

Attendance at the show is increasing each year and seems to be gaining a nice reputation. In the summer of 2023 a nationally televised show filmed an episode in Gardner spotlighting the Scholarship Fund and the great student involvement in it. We are very proud of that. A link to that video is on our website. www.RobertCookVotechFund.com

We have recently teamed with the Gardner Edgerton Schools Foundation for a 501c3 non-profit status. So, if your organization or company requires contributions to go to a non-profit we got you covered.

- Thank you in advance for supporting this unique and worthy cause.
