God Bless the Broken Road | Deborah-Joy Winans

I set out on a narrow way many years ago
Hoping I would find true love along the broken road
But I got lost a time or two
Wiped my brow and kept pushing through
I couldn't see how every sign pointed straight to you

Every long lost dream, led me to where you are
Others who broke my heart, they were like Northern stars
Pointing me on my way, into your loving arms
This much I know is true, that God blessed the broken road
That led me straight to you
(Yes, He did)

I think about the years I spent, just passing through
I'd like to have the time I lost, and give it back to you
But you just smile and take my hand, You've been there you understand
It's all part of a grander plan, that is coming true

Every long lost dream, led me to where you are
Others who broke my heart, they were like Northern stars
Pointing me on my way, into your loving arms
This much I know is true, that God blessed the broken road
That led me straight to you

(Oooo, Oooo,)
Now I'm just rolling home, Into my lover's arms
This much I know is true, that God blessed the broken road
That led me straight to you
(Yes, He did)

Said, God blessed the broken road
That led me straight to you
(Yes, He did)

Once in a Lifetime | Michael Bolton

Some people fill their lives with empty nights
And days that slip away
Some search till the end of time
But never find the open arms of fate
One moment comes along
Someone who's a dream to you
And all at once your dreams come true

Once in a lifetime, you find the one you really love
For now and forever, one love that never ends
Once in a lifetime, when every star that lights the sky
Will shine with one reason, leading your heart to the one
Love you find, just once in a lifetime

Some people live their lives in compromise
And hide their dreams away
Some never take the chance within their hands
To claim the prize they make
When faith is all you need
To hold the hand of destiny
And find the love that's meant to be

Once in a lifetime, you find the one you really love
For now and forever one love that never ends

Once in a lifetime, when every star that lights the sky
Will shine with one reason, leading your heart to the one
Love you find, just once in a lifetime

If you believe in the power of love
And you believe that dreams come true
Magic will fill your heart when that moment comes along
Just once in your life

Once in a lifetime
You find the one you really love
For now and forever one love that never ends
Just once in a lifetime
When every star that lights the sky
Will shine with one reason
Leading you home to the one love you find

Just once in a lifetime
Just once in a lifetime
Once in a lifetime
Once in a lifetime
For now and forever, one love that never ends
Just once in a lifetime, ooh yeah
The one you really love, the one you really love
Just once in a lifetime, oh
Once in a lifetime, ooh

Always | Atlantic Starr

Girl, you are to me, all that a woman should be
And I dedicate my life to you always

A love like yours is grand
It must have been sent from up above
And I know you'll stay this way, for always

And we both know, that our love will grow
And forever it will be you and me, hey

Ooh, you're like the sun
Chasing all of the rain away
When you come around you bring brighter
days
You're the perfect one
For me and you, forever we'll be
And I will love you so for always

Come with me, my sweet
Let's go make a family
And they will bring us joy, for always

Oh, boy, I love you so
I can't find enough ways to let you know
But you can be sure I'm yours, for always

And we both know, that our love will grow
And forever it will be you and me

Ooh, you're like the sun,
Chasing all of the rain away
When you come around, you bring a brighter
days

You're the perfect one
For me and you forever will be
And I will love you so for always
Oo-oo I will love you so for always
oo-oo I will love you so for always
oo-oo I will love you so for always

Oh, you're like the sun, chasing all of the rain
away
When you come around, you bring brighter
days
You're the perfect one
For me, and you forever will be
And I will love you so for always

Your Smile | Rene & Angela

When in your eyes shine pictures of
A time for us, I melt with love
When your lips kiss, silent words
Move the earth and shake my world

But nothin' means as much (Your smile)
Nothin' seems to touch (Your smile)
Your smile (Your smile)
Oh, if anything I miss (Your smile)
Never could resist (Your smile)
Your smile
Oh, oh, oh

In your touch, there's tenderness
A sweet caress that soothes all pain
When I'm lost and feelin' low,
To you I go to rise again

But nothin' means as much (Your smile)
Nothin' seems to touch (Your smile)
Your smile (Your smile)
If anything I'd miss (Your smile)
Never could resist (Your smile)
Your smile (Your smile), hoo

Baby, smile (Smile)
When you smile (Smile)
My life shines (Smile)
When you smile (Smile)
When you smile (Smile)
My life shines (Smile)

When you smile, oh (Smile)
My life shines (Smile)

Nothin' seems to touch (Your smile)
Your smile (Your smile)
Oh, hoo, hoo
If anything I'd miss (Your smile)
How could I resist (Your smile)
Your smile (Your smile), oh, oh

Don't you know your smile (Your smile)
Lights my life (Your smile)
Baby, when you smile (Your smile)
You shine (Your smile)
Your smile (Your smile)
Ho, ho, hoo (Your smile)
Your, your smile (Your smile)
Oh, no other love
(Your smile) can light my life
The way you make me shine (Your smile)
Your baby, smile (Your smile)
Your smile (Your smile)
Baby (Your smile)
Light up my life (Your smile)
No one can make me shine
When my baby smiles (Your smile)
Ooh, oh (Your smile)
Oh, love it (Your smile)
When you smile (Your smile)

More Today Than Yesterday | Diana Ross

I don't remember what day it was
I didn't notice what time it was
All I know is that I fell in love with you
And if all my dreams come true
I'll be spending time with you

Every day's a new day in love with you
With each day comes a new way of loving you
Every time I kiss your lips my mind starts to wander
If all my dreams come true
I'll be spending time with you

Oh, I love you more today than yesterday
But not as much as tomorrow
I love you more today than yesterday
But, darling, not as much as tomorrow

Tomorrow's date means springtime's just a day away
Cupid, we don't need ya now; be on your way
I thank the Lord for love like ours that grows ever stronger
And I always will be true
I know you feel the same way, too

Oh, I love you more today than yesterday
But not as much as tomorrow
I love you more today than yesterday
But only half as much as tomorrow

Every day's a new day, every time I love ya
Every way's a new way, every time I love ya
Every day's a new day, every time I kiss ya
Every way's a new way, oh, how I love ya
Every day's a new day, every time I love ya
Every day's a new day, every time I love ya

Here and Now | Luther Vandross

One look in your eyes and there I see
Just what you mean to me
Here in my heart I believe
Your love is all I'll ever need
Holdin' you close through the night
I need you, yeah

I look in your eyes and there I see
What happiness really means
The love that we share makes life so sweet
Together, we'll always be
This pledge of love feels so right
And, ooh, I need you

Here and now
I promise to love faithfully (Faithfully)
You're all I need
Here and now
I vow to be one with thee (You and me), hey
Your love is all (I need) I need

Say, yeah, yeah
When I look in your eyes, there I'll see
All that a love should really be
And I need you more and more each day
Nothin' can take your love away

More than I dare to dream
I need you

Here and now
I promise to love faithfully (Faithfully)
You're all I need
Here and now
I vow to be one with thee (You and me), yeah
Your love is all I need

Ooh, and I'm starting now
I believe (I believe in love), I believe
(Starting here) I'm starting right here
(Starting now) Right now because I believe in
your love
So I'm glad to take the vow

Here and now, oh
I promise to love faithfully (Faithfully)
You're all I need
Here and now, yeah
I vow to be one with thee (You and me), yeah
Your love is all I need

You're Number One (In My Book) | Gladys Knight & The Pips

Do me a favor
Won't you say what's on your mind?
I may not have the answer
But I can make it easier to find

Too many times
You gave more than you took
Now, I can show you
Things are better than they look

You're number one
(You're number one)
In my book
(You're number one)

Another chapter
Of a love that's yours and mine
This time we've got to capture
Things that should never be denied

My heart reads like a novel
And you'll find that I'm hooked
Just turn the page
And take a closer look

You're number one
(You're number one)
In my book
(You're number one)
Oh, oh, oh, oh, oh, oh, oh, oh, oh
My number one

I know you're thinkin'
What do I want in return?

Well, you can rest easy
Your happiness is my only concern

It's rewarding now
If I can make you feel good
There is just one thing
I want clearly understood

You're number one
(You're number one)
In my book
(You're number one)

Too many times
You gave more than you took
Now, it's my turn to show
Things are better than they look

You're number one
(You're number one)
You're number one
(You're number one)
In my, in my, in my book
(You're number one)
You're number one in my book
(You're number one)

I've got to tell you, you've got to know
You're number one
(You're number one)
Never number two, I wouldn't do that to you
You're number one
(You're number one)
In my book

Always and Forever | Luther Vandross

Always and forever
Each moment with you
Is just like a dream to me
That somehow came true, yeah

And I know tomorrow
Will still be the same
Cuz we got a life of love
That won't ever change and

Everyday love me your own special way
Melt all my heart away with a smile
Take time to tell me you really care
And we'll share tomorrow together
Ooh baby, I'll always love you forever

Ever, ever, ever

There'll always be sunshine
When I look at you
It's something I can't explain
Just the things that you do
If you get lonely
Call me and take
A second to give me
That magic you make and

Every day love me your own special way
Melt all my heart away with a smile
Taketime to tell me you really care
And we'll share tomorrow together
Ooh baby, I'll always love you forever

I Choose You (The Wedding Song) | Ryann Darling

You're my always
You're my forever
You're my reality

You're my sunshine
You're my best times
You're my anomaly

And I'd choose you
In a hundred lifetimes, I'd choose you
In a hundred worlds, I'd find you

And I'd say, "I do"
For the rest of my life
With all that I have, I do

And I will
When the sky is falling
I promise you, I'm all in
No turning back

And every day, every moment
Every breath you take
I choose you

This is more than just a wedding
This is etched into eternity
With our union, we will move mountains
We will live on our knees

'Cause He'd choose us
In a hundred lifetimes, He'd choose us
In a hundred worlds, He'd find us

And we'd say, "We do"
For the rest of our lives
With all that we have, we do

And we will
When the sky turns black and
He comes back
Riding on the clouds

Every day, and every moment
Every breath we take
We choose You

Look into my eyes, dear
Look into my eyes, dear
'Cause this is where it starts, mmm
Yes, this is where it starts

I'll give you my whole heart for my whole life
I'll give you my whole heart for my whole life
And this is where it starts

And I'll say, "I do"
For the rest of my life
With all that I have, I do
And I will
When the sky is falling
I promise you, I'm all in
No turning back
And every day, every moment
And every breath you take
I choose you

You for Me (The Wedding Song) | Johnny Gill

It seems like forever
That I have waited for you
In a world of disappointment
One thing is true
God has blessed me
And he's blessed you, too
In a world of lonely people,
I've found you

Take my hand
And hold me close
And don't let me go
You for me
And me for you
Together, we'll make one

We were once strangers
All by ourselves
Living, living alone
With no one else
But here we are
And it's so, so sweet
God must have done this
Made you for me

And oh
Take my hand
Hold me close
Don't let me go

You for me
Me for you
Together, we'll make one

We were always sleeping
On the first thing we've start
Dreaming, dreaming some love
Wondering where you are
How blessed I am
That I've found you
Now that you're here
I pray to say "I do"

Oh
Take my hand
And hold me close
And don't let me go
You for me
And me for you
Together, we'll make one

Take my hand
And hold me close
And don't let me go
You for me
And me for you
Together, we'll make one

I Get to Love You | Ruelle

One look at you
My whole life falls in line
I prayed for you
Before I called you mine

Oh, I can't believe it's true sometimes
Oh, I can't believe it's true

I get to love you
It's the best thing that I'll ever do
I get to love you
It's a promise I'm making to you

Whatever may come your heart I will choose
Forever I'm yours, forever I do
I get to love you
I get to love you

The way you love
It changes who I am
I am undone
I thank God once again

Oh, I can't believe it's true sometimes
Oh, I can't believe it's true

I get to love you
It's the best thing that I'll ever do
I get to love you
It's a promise I'm making to you

Whatever may come, your heart I will choose
Forever I'm yours, forever I do

I get to love you
I get to love you
I get to love you
I get to love you

And they say love is a journey
I promise that I'll never leave

Till Death Do Us Part | Brian Nhira

I never knew
What love could do
To a heart
That is surrendered

Found out the truth
When I met you
Now my heart
Is yours forever

You're the one I wanna dance with
For the rest of my life
You're the one I wanna hold
And never let go

Without you, I'd be lonely
Without you, I'd be lost
I need you by my side
For the rest of my life

Without you, I'd be lonely
Without you, I'd be weak
I need your love
'Til death do us part

Can this be true?
I've found you
The one my heart
Has a longing for

Someone pinch me
Is this just a dream
Oh no, thank God
This is reality

You're the one I wanna dance with
For the rest of my life
You're the one I wanna hold
And never let go

Without you, I'd be lonely
Without you, I'd be lost
I need you by my side
For the rest of my life

Without you, I'd be lonely
Without you, I'd be weak
I need your love
'Til death do us part

I'm not afraid to admit that
You've become my everything
I'm not afraid to tell you
That I fear a future without you

Yeah, Without you I'd be lonely
Without you, I'd be lost
I need you by my side
For the rest of my life

Without you, I'd be lonely
Without you, I'd be weak
I need your love
'Til death do us part

I need your love
'Til death do us part
I need your love
'Til death do us part

He Knows | Almira Lat Trinidad

He knows it's you I prayed for
He knows it's you I pray with
He knows you are my arm, my protector, my relief

He knows you are the music
When silence brings me down
He knows you are the perfect fit
For the soul behind this gown.

And as I walk down the isle
I can't help but smile and cry
Cause He knows just what I needed in this life

All we know is He knows and we follow His direction
Even though life is short, we'll share forever in salvation
Through this life and beyond, we will let His will be done
Cause He knows that I am yours and you are mine.

He know you are my power
When I'm feeling weak and sick
He knows you are my harbor
That is just within arm's reach
He knows us even better
Than we ever know ourselves
He knows that we have differences
But he pulls us back in place

When the roads we take get rough
He knows that we can steer them back
And He's ever there to help us clear the path

All we know is He knows His direction
Even though life is short we'll share forever in salvation
Through this life and beyond we will let His will be done
Cause He knows that I am yours and you are mine

We have made some mistakes
But He's there to tidy up our mess
We are blessed by His embrace
We serve together through His grace

And I know and you know that He knows and it shows
That with faith our love withstood the blows
And He knows that only you can see me through
And because of this, I give you my "I do."

Verse:

You've come in my life
And opened my eyes
My inhibitions
Melted like ice

Now, I understand
Revelation has come
I was never meant to be alone

Chorus:

I'm gonna milk every second
Of this moment
And hold you like
I never will again
I always knew that i wanted a lover
But in you i have found a (my) best friend

Verse:

I've got more things to say
How about the way
You look me in the eyes
And disarm all my pride

Or how about the way
You know just to say
When my heart is need
Your voice is my remedy

Chorus:

I'm gonna milk every second
Of this moment
And hold you like
I never will again
I always knew that i wanted a lover
But in you i have found a best friend

Bridge:

Here in this moment
I know that i've found
The whole love i've longed for
It's one of a kind

Here in this moment
I know that I've found
A lover a best friend

Vision of Love | Mariah Carey

Treated me kind
Sweet destiny
Carried me through desperation
To the one that was waiting for me
It took so long
Still I believed
Somehow, the one that I needed
Would find me eventually

I had a vision of love
And it was all that you've given to me

Prayed through the nights
Felt so alone
Suffered from alienation
Carried the weight on my own
Had to be strong
So I believed
And now I know I've succeeded
In finding the place I conceived

I had a vision of love
And it was all that you've given to me
I had a vision of love

And it was all that you've given me
I've realized a dream
And I visualized
The love that came to be
Feel so alive
I'm so thankful that I've received
The answer that heaven has sent down to me

You treated me kind (yeah)
Sweet destiny (and you know that you did)
And I'll be eternally grateful
Holding you so close to me (prayed through
the nights)
Prayed through the nights (so faithfully)
So faithfully (faithfully)
Knowing the one that I needed
Would find me eventually (he would find me)

I had a vision of love
And it was all that you've given to me
I had a vision of love
And it was all that you turned out to be, yeah,

The Power of Love | Celine Dion

The whispers in the morning
Of lovers sleeping tight
Are rolling by like thunder now
As I look in your eyes
I hold on to your body
And feel each move you make
Your voice is warm and tender
A love that I could not forsake

'Cause I'm your lady
And you are my man
Whenever you reach for me
I'll do all that I can

Even though there may be times
It seems I'm far away
Never wonder where I am
'Cause I am always by your side

'Cause I'm your lady
And you are my man
Whenever you reach for me
I'll do all that I can

We're heading for something
Somewhere I've never been
Sometimes I am frightened
But I'm ready to learn
Of the power of love

The sound of your heart beating
Made it clear suddenly
The feeling that I can't go on
Is light years away

'Cause I'm your lady
And you are my man
Whenever you reach for me
I'll gonna do all that I can

We're heading for something
Somewhere I've never been
Sometimes I am frightened
But I'm ready to learn
Of the power of love
Of the power of love
As I look in your eyes The power of love

Yes, I pray that you do love me, too

I'd so thankful that you'll all I'm thinking of
Baby
Said I promise to never fall in love
With a stranger
You're all I'm thinking of
I praise the Lord above
For sending me your love

I cherish every hug
I really love you

All my life (ohhhh, baby, baby)
I prayed for someone like you
And I thank God
That I
That I finally found you

All my life
I prayed for someone like you
And I hope that you feel the same way, too
Yes, I pray that you do love me, too

You're all that I've ever know
When you smile, all my face always seems to
glow
You turned my life around
You picked me up when I was down

You're all that I've ever known
When you smile, my face glows
You picked me up when I was down
Say, you're all that I've ever known
When you smile, my face glows
You picked me up when I was down

And I hope that you
Feel the same way too
Yes, I pray that you do love me too

All my life
I prayed for someone like you
And I thank God
That I
That I finally found you

I Do (Cherish You) | 98 Degrees

I Do, I Do babe
I Do, I Do
All I am, all I'll be
Everything in this world
All that I'll ever need
Is in your eyes
Shining at me
When you smile I can feel
All my passion unfolding
Your hand brushes mine

And the thousand sensations
Seduce me 'cause I
I do cherish you
For the rest of my life
You don't have to think twice
I will love you still
From the depths of my soul
It's beyond my control

I've waited so long to say this to you

If you're asking do I love you this much
Well I do
In my world, before you
I lived outside my emotions
Didn't know where I was going
'Till that day I found you

How you opened my life
To a new paradise
In a world torn by change

Still with all of my heart
'Till my dying day
And I do cherish you
For the rest of my life
You don't have to think twice
I will love you still

From the depths of my soul
It's beyond my control
I've waited so long to say this to you

If you're asking do I love you this much
Yes I do
If you're asking do I love you this much
Baby I do

I'll cherish you
This much I know its true
From the depths of my soul
It's beyond my control
I've waited so long to say this to you
If you're asking do I love you this much
Baby I do
Oh oh I do -----

Nothing New (I Do) | Brandon Lake

It feels like all the songs have probably all been sung

But I wanna bring you something true

Something that moves you

I don't have all the words

To tell you how much you're worth

But I wanna bring you something true

Something that moves you

From the dawn to the dusk of my days

From the depths of my soul, and with all of my strength

Here is my heart in just one phrase

"I love you, I love you, I love you"

When I say it, I mean it, it's true

And I hope you can see it in all that I do

I know it might be nothing new

But I love you, I love you, I love you, I do

Now I'm sure the angels sing beautiful melodies

But I wanna bring a song that's mine

For the rest of my life

Oh, I wanna bring a song that's mine

For the rest of my life

From the dawn to the dusk of my days

From the depths of my soul, and with all of my strength

Here is my heart in just one phrase

"I love you, I love you, I love you"

When I say it, I mean it, it's true

And I hope you can see it in all that I do

I know it might be nothing new

But I love you, I love you, I love you, I do

All it took was a little flame, a little flame

All it takes is a little faith, a little faith

What a joy, what an honor that I can say

I get to wake up to your beautiful face

All it took was a little flame, a little flame

All it takes is a little faith, a little faith

What a joy, what an honor that I can say

I get to wake up to your beautiful face

From the dawn to the dusk of my days

From the depths of my soul and with all of my strength

Here is my heart in just one phrase

"I love you, I love you, I love you"

When I say it, I mean it, it's true

And I hope you can see it in all that I do

I know it might be nothing new

But I love you, I love you, I love you, I do, oh!

Oh, I love you, I do

And it's nothing new, but still I choose, I love you

I love you

I love you, I love you, I love you, I do

Love Ballad | L.T.D. ft. Jeffrey Osborne

Yeah, yeah

I have never been so much
In love before
What a difference a true love made in my life
So nice
So right

Loving you gave me something new
That I've never felt, never dreamed of
Something's changed
No, it's not the feeling I had before
Oh-oh-oh, it's much, much more

Love, I never knew that a touch
Could mean so much, mm-mm
What a difference, and when we walk hand in hand
I feel so real

Lovers come, and then lovers go
That's what folks say
Don't they know?
They're not there when you love me, hold me and say you care
And what we have is much more than they can see

What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see
What we have is much more than they can see

Carry You Through | One Glory

To my dearest friend on earth
There's no way to tell your worth
I could sail the distant sea
And still be lonely

And God said, It's not good for man to be
alone
And I believe that you're, you're my one and
only
So come with me

You'll see when the sun is shining
Upon the mountain
When the leaves are falling, I'm falling for you
When the winter goes, I'll keep you warm

I'll carry you through spring time love
I'll carry you through spring time love
When our lives begun
When we became one

The seasons come and go
But my love for you does flow
And by the grace of God, Who gave His life to
you
I give my own
I give my all

When the sun is shining,
We'll climb the mountain
When the leaves are falling,
I'm falling for you
When the winter comes,

I'll keep you warm
I'll carry you through a spring time love

When the sun is shining,
Climb the mountain
When the leaves are falling,
I'm falling for you
When the winter comes,
I'll keep you warm
I'll carry you through, springtime love
I'll carry you through, springtime love
When our lives begun
When we became one

Through all the seasons life shall bring us
Our love grows deeper
Our roots run wild
And nothing shall be able to separate us
From the love of God.

Our love is an evergreen
Our love grows deeper
Our roots run wild
And nothing shall be able to separate us
From from the love of God

When the sun is shining
When the leaves are falling
When winter comes,
I'll carry you through a springtime love
I'll carry you through a springtime love
When our lives begun,
We became one

On the Wings of Love | Jeffrey Osborne

Just smile for me and let the day begin
You are the sunshine that lights my heart within
And I'm sure that you're an angel in disguise
Come take my hand and, together, we will rise

On the wings of love
Up and above the clouds
The only way to fly
Is on the wings of love

On the wings of love
Only the two of us
Together, flying high
Flying high Upon the wings of love

You look at me and I begin to melt
Just like the snow when a ray of sun is felt
And I'm crazy 'bout ya baby, can't you see
I'd be so delighted if you could come with me

On the wings of love
Up and above the clouds
The only way to fly
Is on the wings of love

On the wings of love
Only the two of us
Together flying high
Flying high upon the wings of love

Yes, you belong to me
And I'm yours exclusively
Right now we live and breathe each other
Inseparable it seems

We're flowing like a stream
Running free flowing
On the wings of love

On the wings of love
Up and above the clouds
The only way to fly
Is on the wings of love

On the wings of love
Only the two of us
Together flying high
Together flying high

On the wings of love
Up and above the clouds
The only way to fly
Is on the wings of love

On the wings of love
Only the two of us
Together flying high
Flying high upon the wings of love, of love

Two Becoming One | Jonathan & Emily Martin

Here's my hand, its yours to hold
I give my self to you
Here's my heart, please make it yours
I give my love to you

We are two becoming one
Here I am, here's all of me
You have all that once was mine
And here's my promise
I'm yours to hold
I'll stay here by your side

We are two becoming one
We are two becoming one
May what he's joined be not undone
May our love put christ on display

When we're weak and when we're strong
When its hard to carry on
Oh, God we want your love on display
We are two becoming one

Here's my life, I lay it down
I give up myself for you
And here's my will I submit to you
I Will follow where you lead

We are two becoming one
Sure we are two becoming one
May what he's joined be not undone
May your love put Christ on display

When we're weak and when we're strong
When it's hard to carry on
Oh God we want your love on display
Oh God we want your love in display

Here we are, we're yours and yours alone God,
here we are
May what you joined be not undone
We want the world to see your love through us.
We want more of you

We are two becoming one
May what he's joined be not undone
May our love put Christ on display
When we're weak and when we're strong
When it's hard to carry on
Oh God we want your love on display
Oh God we want your love on display
Oh, God we want your love on display
We are two becoming one

Touch in Heaven | JohnnySwim

All I see are angels
All these streets are gold
That lead to you
If touching love is touching God
No wonder I'm in heaven, when I'm holding
you
Simple as a song, a melody repeating in this
heart
I don't know when the chorus came
Where I heard it first, or when it started

I won't be holding my breath for chariots
I'm not just waiting for skies to part
You've been my glimpse of Kingdom right from
the start
And you got me touching heaven, ooo
Got me touching heaven, ooo

So tell me what you're dreaming, tell me what it
is
Your dream come true
I don't need a map to find a hidden treasure
There, ain't no hiding you

I won't be holding my breath for chariots
I'm not just waiting for skies to part
You've been my glimpse of Kingdom right from
the start
And you got me touching heaven, ooo
Got me touching heaven, ooo
Got me touching heaven

You're my hallelujah
You're my hallelujah
Yes you are
You're my hallelujah
You're my hallelujah
Yes you are
Hallelujah
You're my hallelujah
You're my hallelujah
Yeah
And you got me touching heaven, ooo
You're my hallelujah, ooo
You got me
You're my hallelujah
You're my hallelujah
Yes you are
Hallelujah, hallelujah

If touching love is touching God
No wonder I'm in heaven when I'm holding you

You're my hallelujah
You're my hallelujah
You're my hallelujah
You're my hallelujah
You're my hallelujah
You're my hallelujah
You're my hallelujah
Yes you are

And you got me touching heaven

There's Nother Better Than Love | Luther Vandross and Gregory Hines

I fell asleep late last night
And I dreamed the night and almost half the day away
I just got up
So that I could hear her say
She's still in love
And no one could take her love away

Ooh, love, wakes me up every day
And I thought no one
Could ever make me feel this way
It fills me up
Every time I hear her say
She's still in love
And no one could take her love away

I wanna be loved
There's nothing better than love
What in the world could you ever be thinking of?
It's better by far
So let yourself reach for that star
And go no matter how far
To the one you love
To love

And I mean all these words I say
You don't have to guess
What's going on inside my head
Just try to know
All the tings that our hearts say
Listen to love
And always get love to lead the way

Whenever you love
There's nothing better than love

What in the world could you ever be thinking of?
It's better by far
So let yourself reach for that star
And go no matter how far
To the one you love

You know for love I'd go anywhere
(For love) I would go there
(For love, for love)
For love to the ends of nowhere
It's for her love
(And for her love)
I would (I would go)
I would (I would go)
I would go

And I would love (would love)
To just spend all the time
With a girl who makes me feel her love is mine
Someone you see
Who would only dream of me
She'd be in love
Just 'cause she'd wanna be

She'd wanna be loved
There's nothing better than love
What in the world could you ever be thinking of?
It's better by far
So let yourself reach for that star
And go no matter how far
To the one you love
The one, oh, ho

There's nothing better than love
