# Why stage your home?

Zillow states that the average home takes **1%** in price reductions per month if not sold. Our staging investment is often less than your first price drop

According to NAR 2021 Profile of Home Staging, **14%** Eighty-two percent of buyers' agents said staging a home made it easier for a buyer to visualize the property as a future home.

The Real Estate Staging Association (RESA) states that the average DOM reduction is **78%** for staged vs. non-staged homes

Stagedhomes.com states that **94%** of ASP Staged homes sell in 29 days and up to 45 days or 2 months. Un-Staged homes on the other hand are on the market for an average of 263 days or 9 months
