

When considering consigning with us, please try and provide as much details as possible, including the following:

When did you purchase the dress/veil?

How much did you pay then? (Before alterations and taxes)

Where did you purchase it from? (Online, Bridal Shop, etc)

What was the original size purchased?

Were alterations completed? If so, what/where? (We aren't against alterations, we just need to know so we know what size to put the dress into our inventory)

Who is the designer?

What is the style number/name?

What color is the item?

Was it worn?

Has it been cleaned?

Any stains/damage?

How much were you hoping to recover from the item?

Please include a photo of the dress. It is preferred the dress is on a body, either the stock photo from the internet or you in the dress. If necessary flat photos will be accepted, but harder to see if we can accept the dress sometimes.
