Through IT*

ABOUT US :

OUR STORY

With a decade of experience in the IT industry, we have recently pivoted our focus to share our wealth of knowledge and expertise with others. Our founders noticed a shift in the way people get their IT solutions and we know that there are better products and services that can grow your businesses and save you money!

OUR PROCESS

Our unique process involves a thorough consultation to identify IT gaps and opportunities, and a comprehensive report featuring a project plan with timelines and milestones. We also provide a detailed cost analysis and a well-structured schedule to show the full picture.

OUR MISSION

Our mission is to empower your technical team by providing them with the tools and guidance they need to thrive. We offer a suite of high-quality products to expedite your journey, ensuring a swift and seamless transition.

OUR SERVICES

Gator-IT specializes in finding the most compatible softwares to efficiently grow your business. We analyze each program with relations to how it communicates with your existing softwares and your future needs.

Upgrading hardware? We partner with large companies that will buy and sell your old hardware while upgrading you to the latest tech.

Cyber-security is essential component for any growing business. Gator-IT has excellent cyber-security partners to fit any size company. Don't wait until it's too late!

Cloud based development is a growing market and we can help you with setting up your business on the cloud. We can also help with data infrastructure and cloud storage for your growing business.

WHY CHOOSE US?

GatorIT is a team led by an accomplished IT Professional, Dr. Peter Kizza, DHI, who will personally consult your business and find the best solutions for you.

GatorIT is also a proud African-American owned business that is making great strides in the IT community.
