

Use Your Fingers

A **step** or **tone** is when a note (pitch) moves from a space to the very next line or from a line to the very next space.

You can step up or down depending on how the music is written.

1

Whole Tone

2

Semitone
(Fingers close)

A **scale** is a series of tones (steps) that ascends and descends.

A **Major**(one octave)

3

A B C# D E F# G# A

A **key signature** is used to remind you to use the tone placements of that scale.

4

5

Remember to keep your wrist out and fingers curved directly over their places.
