C.S.A. SHARE OPPORTUNITY COMMUNITY SUPPORTED AGRICULTURE

Would you like a little say in your C.S.A.?

Well we are offering the substitution cards and a preview card. In your first bag you will receive a preview card and two substitution cards. The preview card is an opportunity to write three items that you are allergic to or do not like. The substitution cards are used during the C.S.A. season, you have two opportunities to substitute items that you are not too fond of! **NEW for 2021 is the request cards!** You have two opportunities to request more of something you love!

Disclaimer: Farming in not an exact science, mother nature plays a huge role in availability and timing of growing crops. We will do our best to give you the best available variety of product each week.

This availability is a selection of items you could receive that particular month. That doesn't mean that you get one of everything, or you just get one particular item we will mix it up as much as we can.

June:

Strawberries, Rhubarb, Romaine Lettuce, Red Leaf Lettuce, Green Leaf Lettuce, Kale, Swiss chard, Spinach, Radishes, Arugula & Assorted Herbs

About Us

Lanni Orchards Inc. started back in 1963. Pasquale Lanni left his wife and three of his children in Italy to come and buy a farm in America! Pasquale took his oldest two sons with him they lived with Pasquale's brother in East Boston. They worked for local companies until they found a farm for sale with apple trees in Lunenburg, Ma. They found what is now Lanni Orchards Inc., 88 acres of fruits and veggies! We are presenting you an opportunity to receive freshly picked fruits, veggies and or flowers every week for 20 weeks. Some of the items would be strawberries, blueberries, raspberries, seedless grapes, lettuce, tomatoes, summer squash and so much more! This will save you time and money, so you can go home and cook your fresh produce! Recipes and product information enclosed with your produce!
