**This is the first year of the National Youth Monologues and it has been wonderful to see so many young actors, schools and youth theatre groups from every region of the United Kingdom take part in the competition. It has been incredibly hard to select the finalists and there were many other monologues that could've been chosen for today's event. These have been recognised on our Regional Shortlists, and other speeches have been Highly Commended for their quality.**

**We are planning on the competition growing in the future, with more opportunities for young actors to perform live across the UK.**
