

Members of the Geiger Detachment it's that time of the month to report your VAVS hours. The reason we track members hours and donations is to report annually the National Marine Corps League as part of our Charter requirements. The more we do the better we look. Remember we are all MARINES for LIFE and continue to serve our communities, which in turn serves our country.

**Thanks a bunch** for all you do for our Detachment and our community. Please do not respond to this e-mail but e-mail me directly with your hours at my e-mail address below or hit the forward button and insert my e-mail address. A simple email or even a TEXT will do. Please use a similar format to the one below, or there is a form posted on our website...if you feel the need to fill out a form. I want to make it as simple as possible for you to report your hours. Any format is good to report your hours. Don't forget your name.

**\*\*Required: Name/Hours/Donations**
