Commandant's Corner

Greetings all,

This month we will hold our elected offices. We are still looking for a Paymaster to replace Randy Case, and we will also need a Chaplain. If anyone would like to step up in either role, let me know - we will train and help you to be successful in either position.

The spring conference is coming in April 2025 the 10th - 13th, there is still time to sign up to attend the Professional Development Program ("PDP") on Friday of the conference - you will need to sign up soon. I need to finalize registration right after the next meeting. The Detachment will pay for the PDP - the class starts at 0830. If you need to set up the hotel reservation I would do it now.

We need members to step up and take over as chairperson for the golf tournament ("GGGT"). Scott Westervelt has agreed to help but cannot do the GGGT on his own. GGGT is an important event that helps bring in money to enable us to support other organizations, like the young marines, wreaths across America, and others. If we don't continue to keep funds coming in we will slowly fade away. This is a great detachment, and we have always done things for the good of our detachment, but - we need to have more members stepping up and participating.

I also wanted to remind all that Mission BBQ will provide a meal before our meeting this month, this should be around 1800. We will also be deciding what we will have at our picnic on 17th of May.

Thank you to all members who continue to work hard towards keeping our detachment strong.

We have several Members and family members on the Sick list, so please reach out and check on them when you can.

God bless be safe.

Foreign scammers with limited English can use AI to create more convincing emails and texts. (Legit companies won't contact you about problems with your computer, and their pop-ups will never ask you to make a call or click a link.)

Scammers are mimicking popular companies and products. (use a credit card—they offer stronger fraud protection than debit cards.)

Scammers use dating and messaging apps, social media and wrong number texts to slowly build relationships with targets, then share their expertise on investments. (Don't answer wrong number calls or texts.)

AI is leading to realistic yet phony product endorsements. (Real celebrities will never ask for money—search the person and product online, with words like "scam" or "fake.")

Exercise Your Brain!

Last issue's answer: "a Map"

"Two mothers and two daughters went out to eat. Everyone ate one burger, yet only three burgers were eaten in all. How is this possible?"

A five-dollar bill walks into a bar.

The bartender says "Hey, this is a singles bar."
