Tokyo Shawl Kits

We are in love with the Tokyo shawl kits by Marianne Isager using her popular Alpaca yarns.

Each kit comes with enough yarn to make a 26 x 68" wrap and you'll have a little leftover. We are offering these kits on a pre-paid order basis. We have the Medium colorway sample in the shop and recommend that you come in to see it in person. This wrap has a beautiful sense of movement due to the rhythmic pattern and color changes. The kit comes in four colorways

The kits are \$150 and are available for pre-paid order. Colorways that are available for pre-order are Light, Medium, Dark and Thyme.
