

Team Costs

The cost of running a football team each season is high. 9 and 11 a side teams cost approximately £3,500 each season with training charges being £45 an hour and football pitches at £75 per match. Referee costs are on average £30 per game. Added to this are kit and equipment costs, League and FA affiliation fees and presentation trophy expenses. Further to this is the costs of Managers and Coaches.

Membership Costs

The total membership subscription needed to cover the club's costs is £350 per season. This amount is spread over 10 instalments and amounts to £35 a month. We calculate the amount on a seasonal not calendar basis in order to sure we can keep the club up to date.

All players signed up for season 2018/19 will be charged a £45 joining fee. This is a contribution towards the extra costs incurred for the registration of the player for the new season, which includes the purchase of kit and the admin costs with the London FA and the Selkent league. *It should be noted that all kit remains the property of London Legends F.C*

We have found the use of Standing Order facilities with your Bank for the payments of subs to be the most efficient means of collecting membership subscriptions. To arrange a standing order is simple, but you must talk to your bank.

Subscription Payments

Subs are **due** on the **1st of every month**, beginning from the 1st of August until the 1st of June. We only charge for 10 months, as this is the length of the season.
