

On Course for Japan

In the last six weeks we have welcomed eight groups and over 130 students from Japan. In this issue we report on their exciting experiences in Oxford.

While staying and studying at the prestigious Jesus college, St Peter's college and St Hilda's college our groups have delved into British history, architecture and sustainability issues related to modern life. Oxford is the perfect location to see the beauty and landmarks taught in class. We also welcomed two high schools and below are pictures of Toyo Ushiku school graduating and celebrating.

Flight of a lifetime

We welcome one group specifically studying tourism and this includes a visit to London Oxford Airport where they learn about customer service, flight safety and even get a tour of a luxury private jet or two.

CIE Junior Summer School

This July we return to City of Oxford College for our 2025 Junior Summer School. See our brochure (see links at bottom) and book now for all students aged 14

to 17. This year we will be using Jesus College for our residence. As well as fun activities students can dine every evening like they do in Hogwarts in a traditional Oxford University dining hall.

Presentations and Certificates

On their final day our Japanese groups conduct presentations. All of these groups are run by Oxford University students or companions as we call them who are here to support our groups and help prepare their presentations. In this picture we can see our companion Jeferson and a happy graduate.

“ I have been a companion for two seasons now and the presentations are always very exciting and rewarding ” says Jeferson.

Stand by me

Take a Punt on us

We are currently running Intensive English classes for all English levels and currently have students from Saudi Arabia, Italy, Japan and South Korea

After classes students like to relax and now that the early signs of summer are with us there is so much to enjoy in the evenings like a cream tea or punting.

CIE OXFORD

“ The teachers are very professional through the quality of classes and the way they make you relaxed and confident. After learning English throughout two schools in Oxford, I highly recommend CIE. I have always had the opportunities to work on my weakness because the teachers adapt their lessons in order to enhance your skills. ”

Special offer if you book now for a CIE course this Summer

If you want to make a significant improvement in your language ability then it is always better to stay in the country of the native language. Nothing compares to beautiful Oxford and we look forward to welcoming you. So join us at our lovely school.
