

ICYMI: Climate Cabinet Endorses Russet Perry for Virginia Senate

LEESBURG, VA – On January 6th, 2023, the Climate Cabinet, a leading organization in the fight to combat the negative effects of climate change and preserve our planet endorsed Russet Perry for the Virginia State Senate.

“I am honored to receive the support of the Climate Cabinet,” **said Russet Perry.** “Their mission to protect our planet and fight the negative effects of climate change is critical, especially to me as a mother of two. The world we leave behind to the next generation must be protected and we need to rise up to the challenge climate change presents us, and solve it. That’s why, in the State Senate, I’ll not only be a voice, but a champion for climate change legislation as we fight to make Virginia a better, healthier, and greener place to live, work, and raise a family.”

Russet Perry is a former prosecutor and CIA officer. Having worked under both Democratic and Republican administrations at both the CIA and the Commonwealth’s Attorney’s office, Russet is running for the Virginia State Senate to continue her long record of service to our community.
