

Model of a Modern Myth Amalgamate

I am the very model of a modern myth amalgamate,
From venerated generals to elemental aggregates,
From scientist salarions to lists of pharmaceuticals,
From family friendly fables to things thought of as unsuitable

Through the appliances of assonance and sciences of sibilance,
To animal extravagance and ominous omnipotence,
From entangled apologues and lamentations geological,
To an erroneous display of explanations allegorical

From alliterative lessons to a turn of tidal treachery,
To battles in the deep wood between serpent and anserini,
So many myths of which I can so vividly delineate,
I am the very model of a modern myth amalgamate!

Bum Brum Bum Bum Bum Bum Bum Bum Bum Bum Bum Brum Bum Bum!

Indeed, I boast a bestiary bristling with variety,
From hard of hearing parduses to human-eating Cyclopes,
Loquacious little lynxes up to lumbering leviathans,
And a cunning canine caught amidst chaotic bouts of violence

We've travelled far and near to hear these tales of woe and wordiness
From jungle floors to oceans of abyssal otherworldliness
Observing all the carnage of a King crustacean's overthrow
To sipping tea while holidaying at the Headstone Archipelago

From lengthy lobster lineages to barnacle barbarians,
To prissy pebbles labelled as the bane of lapidarians!
So many myths of which I can so vividly delineate,
I am the very model of a modern myth amalgamate!

Bum Brum Bum Bum Bum Bum Bum Bum Bum Bum Bum Brum Bum Bum!

We've made up words like mandibilic, fantabulistic, oh! And vague-ify,
And at this point I can't be arsed to find a word that rhymes with vague-ify,
This palliative pile of poems packed with pompous, poignant prosody,
Which one could describe as...

Affable

Buoyant

Flagrant

Nihilistic

Reverent

Delusional

Momentous

Or perHAPS ANOTHER! APT adjective that you might chance to read!

Bum Brum Bum Bum Bum Bum Bum Bum Bum Bum Brum Bum Bum!

(Slows down, more reflective tone)

When it comes to spreading joy through song and sound in perpetuity,
It's an honour to participate, in sharing for the world to see,
Though I may have little to say in terms of issue or agenda,
You've got to laugh at all these words I've siphoned through a blender of inevitable banality, facing the shadow of obscurity

Such an assortment of surrealness so serenely set in harmony
Though some may think it dross and others, executed artfully...
Whatever your perspective and how much you might elaborate
I am the very model of a modern myth amalgamate!

The End
