The 7 Laws of Civics

- I. People are policy (if you want to change the policy you have to change the people who make the policy).
- II. Third Party Candidates Don't Win (and they may split off enough votes to help your opponents win)
- III. Candidates Are Nominated in the Primary Elections (the most important elections, and where the real battles take place)
- IV. Endorsed Candidates Usually Win (candidates endorsed by the political parties have a distinct advantage to win in the primaries).
- V. Political Party Central Committees Endorse Candidates for Public Office.
- VI. Party Central Committees Are Elected Every 2 or 4 Years (depending on the county) in the Primary Election
- VII. Central Committee Members are Elected by the Voters of Their Party in Each Political Subdivision (Ward or Precinct) of a County or State (State Senate District)

ALL POLITICS IS LOCAL
