

Why do you want to join Danubius Club? What do you expect to gain from your membership?

How can you contribute as a member of Danubius Club?

---

**Club members must have an active membership with the United Schutzhund Clubs of America (USCA).**

**All dogs must have current vaccinations and a valid scorebook.**

---

**WAIVER OF CLAIMS AND ASSUMPTION OF RISK**

I understand that attendance at an IGP training session is not without risk to me and/or my dog. I realize that activities at the event/session may expose me and my dog to injury or loss, including death, even when dogs are handled with the highest level of care, and that working with, around, or participating in the training of any dog carries with it the risk of such loss or injury. By attending and remaining at the site of an IGP training session, I knowingly accept the condition of the site, including the property and any improvements thereon in an "as is", "where is" condition. No warranty or representation has been made to the undersigned as to the existing conditions at the site, and the undersigned understands and acknowledges that dangerous conditions can and may exist at the site. In particular, but not by way of limitation, it is understood that dogs at times will be off leash and may fail to respond to the commands of the handler or trainer. The undersigned further understands that the field will be open and that no secure area will be provided that is not accessible to all in attendance, including dogs. With full knowledge and understanding of the foregoing, the undersigned assumes, accepts and acknowledges all responsibility for any dangers, accidents, damages, losses, risks and hazards associated with the undersigned's or his or her dog's attendance at an IGP training session, and waives any and all claims against Danubius Club, its officers, members and representatives, that may arise in connection with such attendance.
