

CONVOY OF HOPE[®]

A DRIVING
Passion
TO FEED THE
World

Hope in the Hard Seasons

- 41 active disaster responses 2025 - YTD
- International & Domestic
- We are committed to staying long term

Food Manufacturing

- Currently Feeding: 639k children per day
- Goal: 1 Million children per day by 2030
- Production: 36M meals in 2026
- Focus: Domestic // Working Poor
- Need: 500k lbs of dry beans

Imagine Your Impact

An Invitation to Impact

3 ways to provide a harvest of hope:

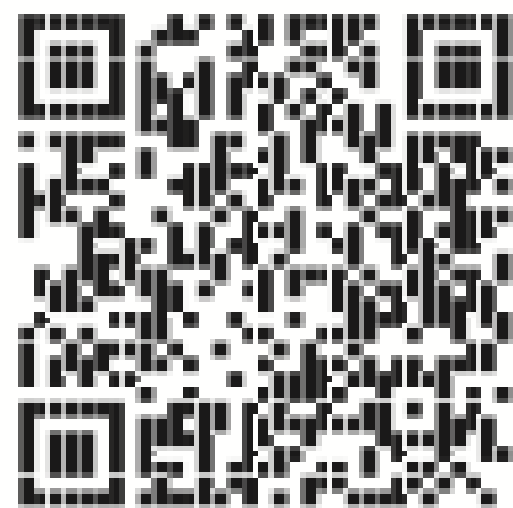

- **Donate pallets of dry beans** that are shipped directly to support our *International Children's Feeding Program*, which serves kids in over 40 countries around the world with a daily meal.
- **Donate bulk pinto or black beans** that go into recipe for our *Food Manufacturing Program* — helping us produce prepared shelf-stable meals for domestic hunger relief and disaster response.
- **Transfer the ownership to Convoy** , your local coop will sell them, and we will use the proceeds to purchase *specific ingredients* needed to complete and balance our meal formulas.

Practical & Perks

- Donate before the sale: Convoy of Hope handles the transaction and uses the proceeds for meals.
- You don't recognize the income, but you still claim the production deductions.
- You receive a tax donation receipt
- The result? A simple, tax-smart way to make a **BIG** impact.
- It's generous. It's financially smart. It's easy.
