

An aerial photograph of a vast agricultural landscape. The foreground is dominated by a large, vibrant green field, likely a pea or lentil field, showing distinct rows of crops. Beyond this, the terrain rises into rolling hills covered in a mix of green and golden-yellow fields, suggesting different stages of crop growth or different types of land use. A few small farm buildings and clusters of trees are scattered across the middle ground. The background shows more distant hills under a clear, bright blue sky. The overall scene is peaceful and expansive, highlighting the beauty of agricultural land.

2023 Acres: 999,000

An aerial photograph of a vast agricultural landscape. The foreground shows a dense green field with visible furrows. Beyond it, rolling hills are covered in a patchwork of green and golden-yellow fields, likely representing different crops or stages of growth. Small clusters of trees and a few buildings are scattered across the hills. The background shows more distant hills under a clear, light blue sky.
