

Premium Anti-aging Treatment

THESERA's systematic anti-aging treatment makes the skin healthier.

THESERA L. Lifting Treatment

Total solution for lifting and minimizing the appearance of wrinkles with natural melting thread

Lifting

Pore
tightening

Boosting
elasticity

Minimizing
wrinkles

Improving
dermal
density

Volume

Epidermis Balance Foam

Acid foam peels epidermis gently.

Removing sebum and impurities primarily

Balancing skin pH

Directions : Pump 3-4 times. Apply it on the skin and rub gently. Rinse with lukewarm water.

Volume : 20ml

Tip. Epidermis Balance Foam & Dermis Balance Peelenser

Mix 2ml of Peelenser and 4-5 pumps of Balance Foam in a glass bowl. Apply it in the order of forehead> nose> cheeks> chin, avoiding eyes and mouth areas. After the suitable application time, rinse with lukewarm water thoroughly.

Water, Glycolic acid, Disodium
cocoamphodiacetate, Tromethamine,
Caprylyl glycol, Benzyl glycol,
Butoxydiglycol, Raspberry ketone,
1,2-Hexanediol, Butylene glycol,
Lycium barbarum, Blueberry extract,
Euterpe oleracea fruit extract,
Phyllanthus emblica fruit extract,
Vaccinium macrocarpon fruit extract

STEP 2. Absorbing thread

High Tension Serum & High Tension String
[Brightening/Wrinkle improvement]

Natural melting thread(string) and high-enriched ampoule
pass through the skin deeply.

Dissolving the melted thread, it tightens and lifts the skin
Improving skin elasticity and minimizing wrinkles

Directions : Mix 0.04g of thread and 3ml of serum in a glass bowl. Apply
it on the face with a brush.

Volume : Serum 3ml x 4ea, String 0.04g x 4ea

Natural melting thread(string) and high-enriched ampoule pass through the skin deeply.

Dissolving the melted thread, it tightens and lifts the skin

Improving skin elasticity and minimizing wrinkles

Directions : Mix 0.04g of thread and 3ml of serum in a glass bowl. Apply it on the face with a
brush.

Water, Glycolic acid, Alcohol denat.,
Lactic acid, Glycerin,
Hydroxyethylcellulose, Salicylic
acid, PEG-40 hydrogenate castor oil,
Trideceth-9, Lycium barbarum fruit
extract, Vaccinium angustifolium
fruit extract, Euterpe oleracea fruit
extract, Phyllanthus emblica fruit
extract, Vaccinium macrocarpon fruit
extract, 1,2-Hexanediol

STEP 3. Circulation, absorption, and calming

Hydra Booster

Helping skin absorb more thread by stimulating skin circulation

Extreme moisture factor calms the skin.

Directions : Apply the suitable amount on the skin with a brush. After 20min., wipe out the residue by rubbing gently.

Volume : 20ml

Helping skin absorb more thread by stimulating skin circulation

Extreme moisture factor calms the skin.

Directions : Apply the suitable amount on the skin with a brush. After 20min., wipe out the residue by rubbing gently.

Water, Glycerin, Glycereth-26,
Butylene glycol
dicaprylate/dicaprate, Alcohol
Denat., Allantoin, Tromethamine,
Silica, Acrylates/C10-30 Alkyl
acrylate crosspolymer, Zanthoxylum
piperitum fruit extract, Ethyl
menthane carboxamide, Ammonium
acryloyldimethyltaurate/Vpcopolymer,
1,2-Hexanediol, Usnea barbata
extract, Pulsatilla koreana extract,
Caprylyl glycol, Dipotassium
glycyrrhizate, Sodium hyaluronate,
Butylene glycol, PEG-40
hydrogenated castor oil, Fragrance,
Hydrolyzed collagen, PPG-1-PEG-9
lauryl glycol ether

STEP 4. Tightening

High Tension Gel

Enhancing elasticity and facial line

Generating collagen and nourishing skin

Holding the active ingredients(thread) absorbed in the skin

Directions : Apply High Tension Gel upwards(lifting direction) and wait until it is completely dried for about 20min. Then wipe out the whole face with a wet sponge.

Volume : 5ml x 8ea

Enhancing elasticity and facial line

Generating collagen and nourishing skin

Holding the active ingredients(thread) absorbed in the skin

Directions : Apply High Tension Gel upwards(lifting direction) and wait until it is completely dried for about 20 minutes . Then wipe out the whole face with a wet sponge.

Water, Acrylates/C10-30 alkyl acrylate crosspolymer, Algin, Glycerin, Allantoin, Glycyrrhiza glabra root extract, Camellia sinensis leaf extract, Centella asiatica extract, Urtica dioica extract, Aloe barbadensis leaf extract, Zanthoxylum piperitum fruit extract, Pulsatilla Koreana extract, Usnea barbata extract, Butylene glycol, Copper tripeptide-1

STEP 5. Nourishing

High Tension Ampoule
[Brightening/Wrinkle improvement]

Peptide complex ingredients improves wrinkles.
9 natural extract and 4 natural oil nourish skin.
Directions : Absorb 10 drops of ampoule on the whole face.

Volume : 12ml

High Tension Ampoule
[Brightening/Wrinkle improvement]

Peptide complex ingredients improves wrinkles.

9 natural extract and 4 natural oil nourish skin.

Directions : Absorb 10 drops of ampoule on the whole face.

Water, Pullulan, Glycerin, Pentylene glycol, Niacinamide, Xanthan gum, Glycyrrhiza glabra root extract, Panthenol, Centella asiatica extract, Arginine, Dipotassium glycyrrhizate, Trehalose, Dimethyl sulfone, Adenosine, Camellia sinensis leaf extract, Rosmarinus officinalis leaf oil, Portulaca oleracea extract, Carnitine, Glycine soja peptide, Hydrolyzed pea protein, Scutellaria baicalensis root extract, Houttuynia cordata extract, Chamomilla recutita leaf extract, Carnosine
