

I am proud to endorse Steve Spodyak for Sheriff of the Park County Sheriff's Office.

I had the privilege of attending the FBI National Academy with Steve as a member of session 293, where I was also Steve's roommate for the ten-week session.

During those ten weeks, I came to recognize Steve's dedication to his family, his community and his desire to serve that community. I know that Steve understands the importance of building trust between his office and the people he protects and the responsibility that goes with that office.

If Park County is looking for a leader who will work hard, maintain transparency and professionalism, Steve Spodyak is that leader. I am honored to have Steve as a law enforcement associate, but more importantly as a friend.
