

January 29, 2024
Board Meeting Minutes

In attendance: Ginny, Brigitte, Janet, Bette

Janet shared treasurers report.
Ending balance: \$5,993.58

Discussion on surveys returned.

Top choice was keeping our view (limit height of trees & shrubs).

Second choice was unkempt yards, debris, and garbage.

Third place was abandoned and dilapidated houses.

We decided to place notice on sign and in newsletter to ask members to inform us if their views are being obstructed.

Discussion on asking members to personally contact Whatcom County if they have concerns about houses near them that have unkempt yards, debris, and garbage as this may be a health concern. Also, please contact the County if you have concerns about nearby houses that are abandoned or unsafe that are harboring rats and raccoons.

Our board has already contacted Whatcom County regarding several issues in our area that members have brought to our attention. We are hoping if the community members get involved, perhaps the County will pay more attention to our concerns.
