# Senior Carnival Song

(2nd place)

Dedication Poem

At this time,  
We the seniors of 1981,  
Would like to pay a tribute to a fellow classmate,  
Who passed away last summer.  
Although he is not here with us during this winter carnival,  
We would like to say that he is still in our hearts, and in our minds,  
And will always be there.  
We are dedicating this 1981 winter carnival especially to him.

Class of '81

That's Incredible  
(Take It On The Run)

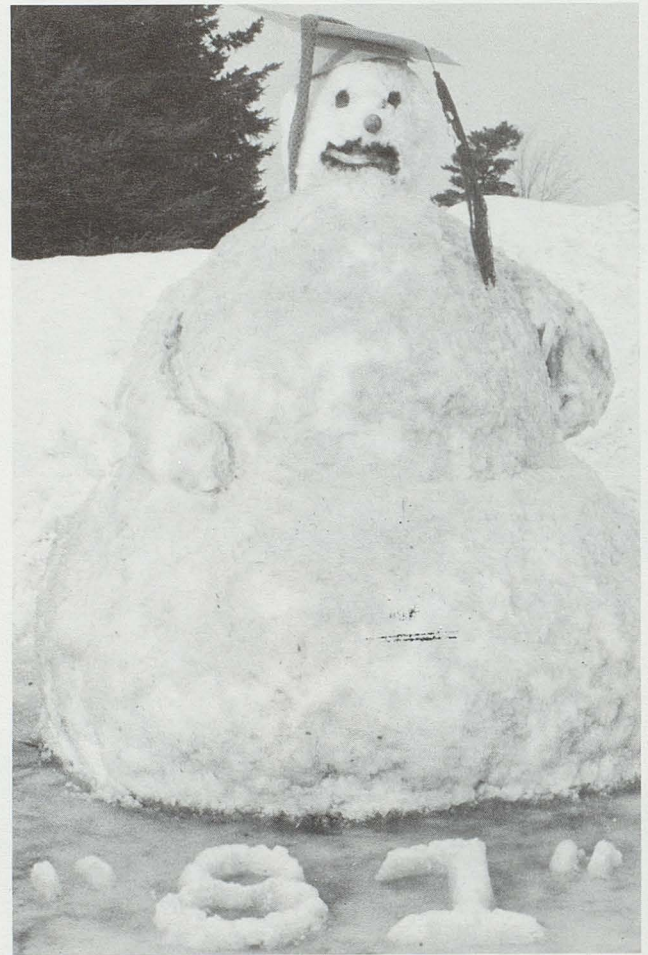

It's time to go out and,  
Bring our memories with us.  
We know we've got to leave some friends behind.  
We've got to face a new world.  
We're out on our own now.  
We're gonna make it and we're gonna show you how.  
Teachers taught us right from wrong,  
The way to write and sing a song.  
So now it's time to use our new wisdom.  
We've learnt that you can't refuse.  
And we'll put it to good use.  
R: We can use our wisdom maybe.  
If that's not enough then we'll say,  
Surely there's some other way.  
You and I know it.  
only We're gonna do it.  
Life's a little game and we're gonna win the fame.  
Our class has been through sad times.  
God's taken one friend's life,  
So we want to dedicate this song to him.  
But though there is much sorrow,  
We know time we cannot borrow.  
So now we're gonna tell you once again.

(Smokey Mountain Rain)

You know it's hard for us to sing this song now,  
You know as well as us what year this is,  
It's graduation and we all know it.  
We know it could mean something else for you,  
But one thing we know, is what it means for us.  
R: It's incredible,  
How much we'll miss you.  
We'd like to wish you — the best.  
It's incredible  
We can't deny it — this year.  
That's incredible means many things.  
To some it's the wonder of the sunrise.  
Maybe a rainy day, or children playing.  
It could be a delicate snowflake.  
It has different meanings we are saying  
So now we want to sing and have some fun.

(I Love A Rainy Night)

R: Well we think the time has come,  
To wish you all the luck.  
We've had a lot of fun,  
And we're glad we shared this time with you.  
It made us feel good.  
Well we think the time has come,  
To wish you all the luck.  
We know it's hard at times,  
To give it all we've got,  
But we'll try, Yeah we'll try.  
Our friends have helped us through the days,  
And gave their best, that we can say.  
Well we'd like to wish you luck.  
Yeah we'd like to wish you luck.  
Well we'd like to wish you luck.  
oohh we'd like to wish you luck.  
R:  
At times we've heard it.  
That's for sure.  
But with a smile,  
We can do much more.  
Our smiles will, wish you luck.  
Yeah our smiles will wish you luck.  
Well we want to wish you luck.  
oohh we want to wish you luck.

## 1981 Winter Carnival

Wow! Was this carnival different! What else can it be when you have the theme "That's Incredible."

We had new events that were really something else; an obstacle race, an inner-tube race, a co-ed 3-legged race, deep snow racing and touch football. Also all classes had to build an "Incredible Snowman." The Freshmen won this event with the "Incredible Giant Turtle." The Sophomores came in second with the "Incredible Hulk." The Juniors third, with an "Incredible Hawaiian Hula Dancer," and the Seniors, fourth, with an "Incredible Graduate."

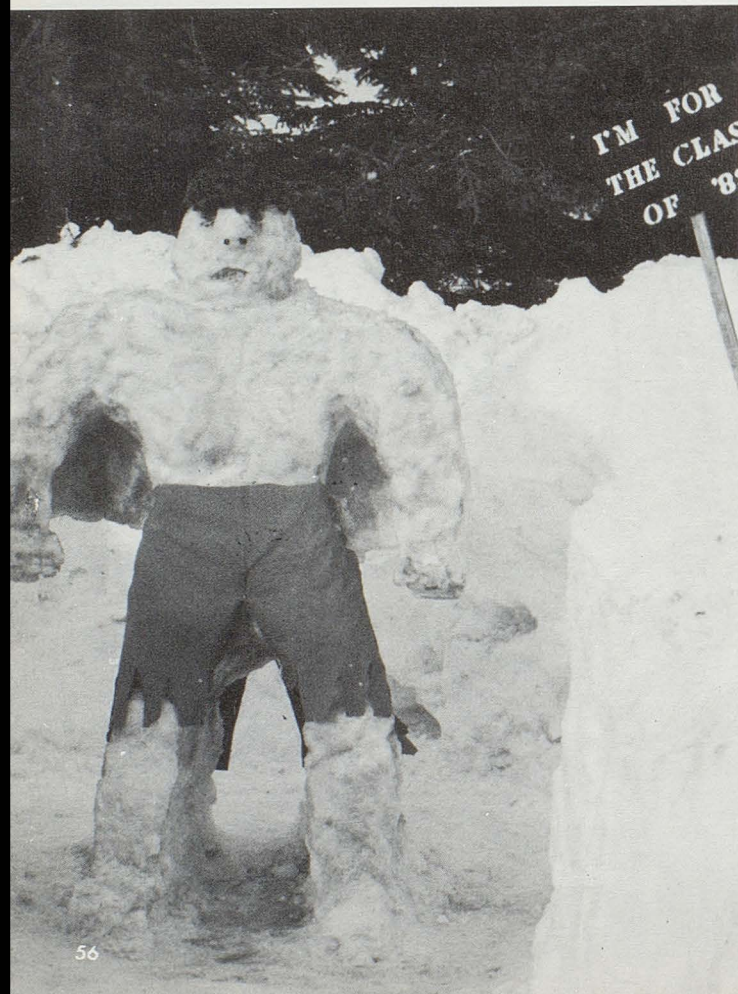

Unlike most years when the battle of the carnival was for first place, this year it was the Juniors and Seniors battling for second. The Sophomores finally got it, though, by winning the Carnival Song at the Coronation. The Seniors Placed second in the song contest, the Freshmen third and the Juniors fourth.

This year the music accompanying the singers was terrific! The Seniors and Juniors even had drums. The decorations were beautiful. The student council worked hard to make the Coronation Ball a success. The King and Queen this year were Brian Daigle and Michelle McQuarrie. Hope you enjoy pages 48 to 64 of your yearbook for they record the goings on at the "Incredible Carnival."

People we've come together,  
to tell you that the time is near  
To share our dreams among us,  
so let's say it loud and clear.  
It's not if we win or lose  
It's how we play the game.

We've been making up our minds not to lose it this time  
We've got victory on our side  
3 that want to beat us  
2 that can't defeat us  
1 with winning on their minds.

Ref.  
We will strive to win  
We will strive to win  
just because we're all psyched up don't you worry.

There's a chance that we won't win  
but we'll just have to take it in  
It's all a part of sportsmanship  
We will strive to win.

It's just incredible to us how people get along.  
It's helped our class a lot this year.  
We've been together before and we're together now  
and we've got the spirit that we need.

Do it juniors, Do it juniors.  
We've got to trust you'll do your best so we won't worry.

We have sought and we have found  
that we can trust each other now  
So open up your hearts and learn how to love.

We've been struggling oh so hard trying to loosen our hold  
we've got a long long way to go.  
Searchin in the past, finding our tomorrows  
We hope your dreams will all come true.

Ref.  
Do it juniors, Do it juniors  
We've got to trust you'll do your best so we won't worry.

Nous esperons que vous aurez la joie  
Ca sera un beau, beau carnival.  
Ca sera un beau, beau carnival.

It's just incredible how life goes by.  
Flashing before us are those memories.  
'Member the Seniors and the times we've shared.  
It's gonna be a great, great carnival year.  
It's gonna be a great, great carnival year.

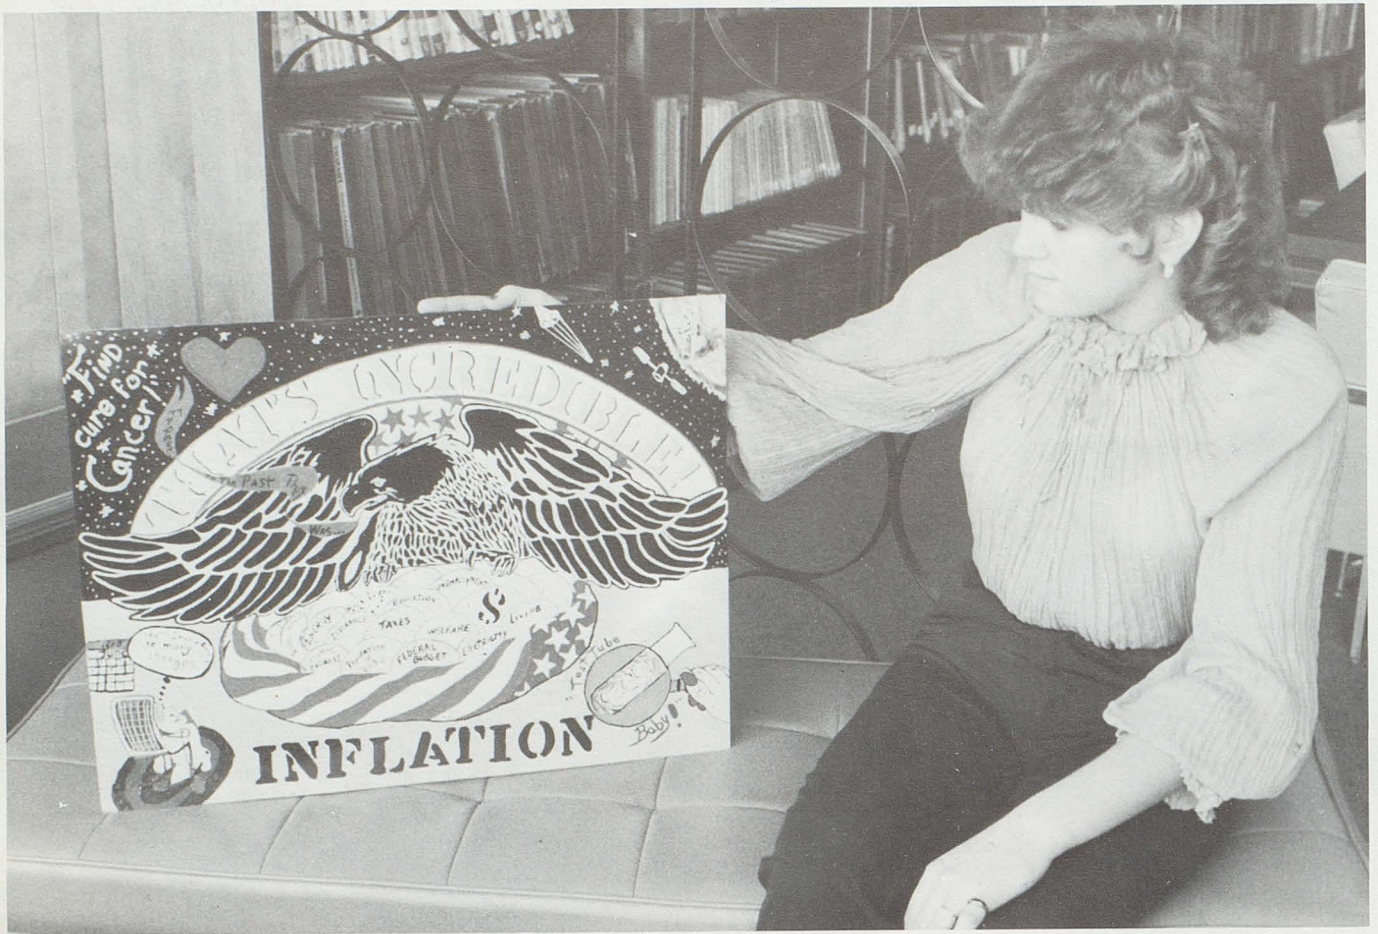

We've accepted your leaving.  
Now we have realized.  
Next year it's us  
It's our time to fly . . .

**Sophomore  
Carnival  
Song  
(1st Place)**

**That's Incredible  
(Peaceful Easy Feeling)**

We all know why we are here tonight to end this winter carnival. We know that you gave a good try to help your class come this far.

**Refrain:**  
'Cause we've got the Spirit, Wisdom Spirit, and we'll let nothing bring us down, 'cause we're already standing proud and tall.

And to you Seniors we'd like to say, the best of luck in years to come. We hope you go out and capture your dreams. Keep on trying till you reach your Destiny.

**(Never Be the Same)**

1. A Leprechaun and an elf we know, once were married, a long time ago. The children they had were big and green. One's name was Hulk and he fulfilled his dream. He landed a job on a TV show, showing when David's mind would blow. Now that he's famous his brother shows up, takes the name of Jolly and sprouts right up.

**Refrain:**  
And when you let imagination run your mind, you will see the incredible is not hard to find. 'Cause when you think of things that seem incredible, you will know anything can be believed.

2. A girl was born to Mother Nature, grew up to be a beautiful girl until one day she met a young man who promised to show her a love-filled land. He brought her there, oh yes he brought her there, knowing that nobody else was there. He treats her fair, as best he can, and gives her six months in her mother's hand.

**(Time For Me To Fly)**

1. We all looked around and all have searched our ground for things that seem incredible. We've looked all over the world and gave our minds a twirl and this is what we have discovered.

**Refrain:**  
There are people who have done things that seem quite incredible and fought against the odds until they're accomplished. Together we'll do the same and together we'll make it. We've got the power to survive.

2. To the classes we'd like to say, you'll have your turn one day to go out and find who you are. Don't get tired of holding on to the feeling you think is wrong, because it may turn out to be right.

**Refrain:**  
3. Power to survive, to be what you want to be, power to survive, to be anything you want to be. Don't give up you've got to try in order to survive.

# Freshman Carnival Song (3rd Place)

## *Freshman Song* (Driving My Life Away)

Well "81" is leaving, "82" is coming, "83" is on its way and "84" will be our beginning, gonna keep growing.

We'll keep on trying, never give it up, it's incredible that we will never stop fighting, gonna keep growing.

Ooh, we're gonna keep trying, Gonna keep fighting, 'til we win.

Ooh, we're gonna keep trying, gonna keep fighting.

When we are seniors, we'll know how they felt, it is rough to see them always trying to beat us, they're gonna keep growing.

They'll keep on trying, never give it up, it's incredible that they will never stop fighting, they will keep growing.

Ooh they're gonna keep trying, gonna keep fighting, 'til they win.

Ooh, we're gonna keep trying, gonna keep fighting

## (If I Had a Hammer)

This is the night that we have always dreamed of, we made it worth the wait. The competition was the hardest we'll ever meet.

It is incredible that we got by, we thought we never could. We gave a fight they thought they'd never have, they surely were surprised.

This is the night that we have always dreamed of, we made it worth the wait. The competition was the hardest we'll ever meet.

The winter carnival spirit depends a lot on us. It depends on believing that we can win. It depends on competition, on co-operation. It depends on confidence between your fellow man and your fellow class. Ooh, ooh.

## (If)

Tonight's the night to remember for the seniors' future years. We'll say farewell to you. You will be leaving soon.

We'll cry our tears and laugh our laughs until we meet again. We'll follow in your paths through sunshine, snow and rain

Before you go we'll have ourselves some fun. We'll miss you all when this is done.

When it's time for us to leave here we will go our separate ways. We'll make it work for us. We will not turn away.

Our lives ahead will take us all to places far and wide. To places new to us. Where we'll grow and abide.

And until then we must keep our heads high. We'll make the best to face what lies ahead.

## (Driving My Life Away)

Ooh, we're gonna keep trying, gonna keep fighting, 'til we win.

Ooh we're gonna keep trying, gonna keep fighting.

We'll keep on trying, never give it up. It's incredible that we will never stop fighting, gonna keep growing.

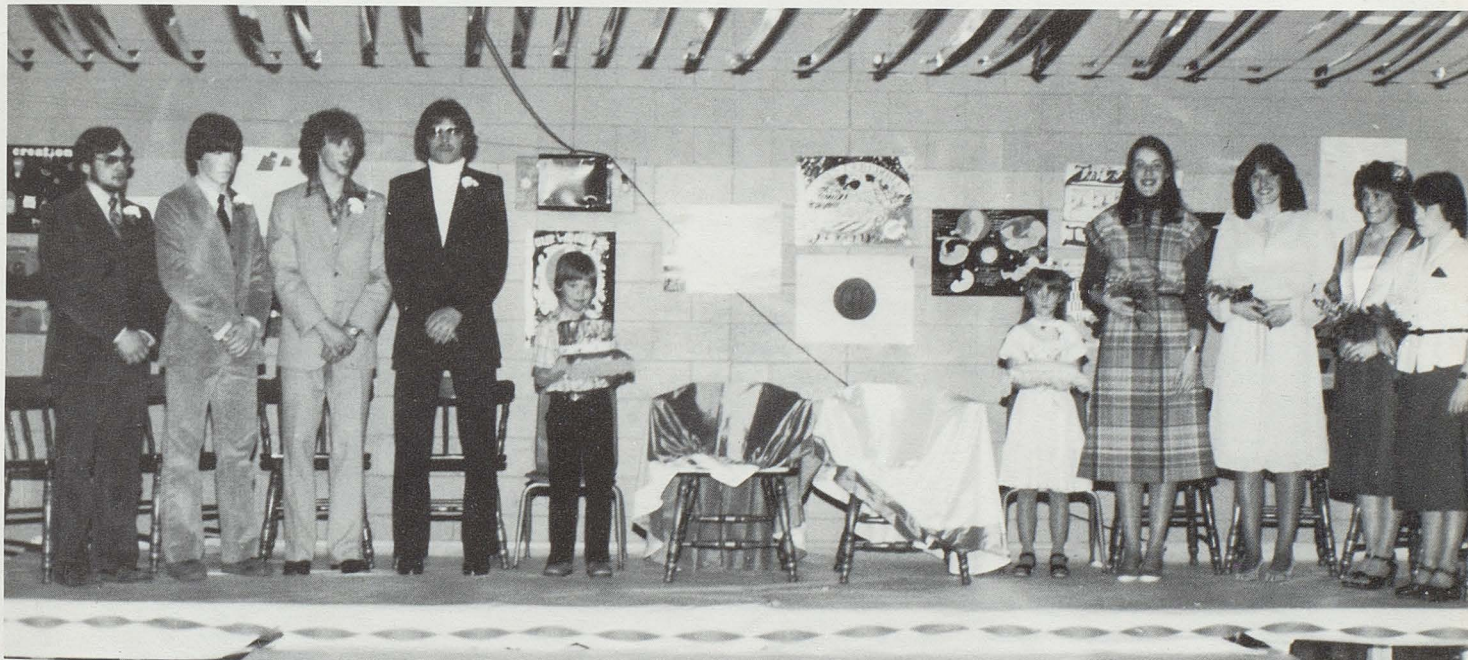

Ooh, we're gonna keep trying, gonna keep fighting, 'til we win. Ooh, we're gonna keep trying, gonna keep fighting.

## *Emotion*

*See all the people with hatred in their eyes  
See all the people but it's only a disguise  
See the lady dancing around with no clothes  
She'll give you all her body that's if you got the dough  
But there is one thing she'll never show  
And that's a little bit of emotion  
A little bit of true emotion  
Now if you don't believe me that I'm telling the truth  
Look into her eyes and tell me that she is no sleuth  
She'll try to figure out that you are the one  
Mixed emotions that's what you really ought to know  
She can figure that it's only part of the show  
Incredible isn't it?  
Emotion, sweet emotion turning completely into  
Confusion; damn confusion*

# The Few ... The Proud

## Senior Class History

We've spent four years in high school. They were short ones, but the shortest of them all was this one, our senior year. As the latin saying goes, "Tempus Fugit", and we've never seen time fly so quickly as it did this year.

As we look at this yearbook we will find most of our memories to be of our graduation year "1981." How we had always longed for "Good Old '81" when we were underclassmen, but now it is our turn to pack up and leave, and we feel a sort of emptiness inside.

Our senior year was perhaps the best year of our lives, but we didn't realize it then. Our freshman, sophomore, and junior years were almost as good, so let's not forget them either. Right now let's all turn back the hands of time and review our experiences at Wisdom.

### *Freshman year*

We were sixty eager students as we entered our freshmen year. Like every other freshman class, we started out slow, but as a whole, we were all determined and anxious to show our abilities to the rest of the school.

At our first class meeting, we elected the following officers: President — Ann Raymond, Vice President — Kelly Michaud, Secretary — Susan Dufour, and Treasurer — Brian Daigle.

Two things went wrong for us, during this first year: 1. Closed campus went into effect, (meaning during lunchtime we had to stay within the school grounds) and 2. we didn't have an initiation.

Our boys' Varsity Basketball players were, Scott Theriault, Bill Desrosier, and Gary "Mac" Desjardin. Our J.V. players: Dave Albert, Brian Daigle, Luke Ouellette, Dale Sirois, Gary Guerrette, and Alan Gagnon. The girls' Varsity Basketball players were, Debbie Albert, Michelle Mcquarrie, Ann Raymond, and Kelly Michaud. Supporting the basketball teams were Varsity Cheerleaders Susan Gervais and I. These people and more were going to be varsity players throughout all or most of our four years in high school; therefore, these names will not be mentioned again unless they've gone up from J.V. to varsity or unless new players joined.

In spite of the fact that it was our first year to participate in the winter carnival with the high school, we were determined to do our best, we ended in fourth place. Too bad we didn't win the Sportsmanship Award, maybe next year. We looked forward to better luck in our sophomore year.

### *Sophomore Year*

After a very short summer vacation, we cheerfully returned to school in the middle of August. We were greeted by many old friends and were introduced to a few more, Debbie Berube and Mark Ouellette. We also had a farewell party for Gary Desjardin.

At our first class meeting we elected the following officers: President — Kelly Michaud, Vice President — Dave Albert, me as secretary, and Treasurer — Susan Gervais.

During potato harvest a most unfortunate accident happened to Donald Martin. While working on a harvester something happened and the result was a broken leg in three places. He had to use a wheelchair for about 3 months. I remember seeing Don cruising down the hall, and then, later on, doing well-practiced wheelies in class.

Our new boys' Varsity Basketball players were Dave Albert, James Daigle, and Alan Gagnon with Gerald Picard as a J.V. manager. The new girls' J.V. Basketball players were Doreen Albert, Susan Dufour, Debbie Daigle, Louise Chamberland, and Mona Picard. The new J.V. Cheerleader was Debbie Ouellette.

When it came time for the winter carnival we were all rowdy and roaring to go. This year, with our physical abilities improved, we came in second next to the seniors who came in first, (may I add, we took first place in the song contest thanks to Mark Ouellette).

As the year came to an end we all looked forward to our next year, as juniors.

### *Junior Year*

As school started, we all felt bigger compared to the freshmen and sophomores, it was more than just a physical bigness too. We were especially proud the day our class rings arrived. We went to have them blessed at the St. Agatha church where Father John Audibert presided.

Our elected officers for the junior year were, President — Debbie Berube, Vice President — Jim Kavanaugh, Secretary — Kelly Michaud, and Treasurer — Ann Raymond.

This year something new happened. We had an exchange student from Peru in our junior class, her name was Sonia Morales. She went to all classes with us. I remember her saying, "I never in my life imagined that there could be so much snow, it's so beautiful." We learned a lot about her country and she learned a lot from us. We had a farewell Mexican dinner for her, for she had never eaten tacos, chili or any other Mexican food. She enjoyed her dinner very much. Her visit here was short (3 months) but some of us still do keep in touch. In fact, she's going to attend college in the United States.

Our new boys' Varsity Basketball players were Brian Daigle and Jim Kavanaugh with Kevin Dumais on the J.V. team. The new girls' varsity players were Mona Picard, Sue Dufour and Doreen Albert.

We were red hot when the winter carnival came around. We knew that this year could be our year to win. We ended up coming in second after the seniors only because they won all four places in poetry. We were all shocked! We knew that the next year would be our year.

This year for the first time we had a badminton tournament. All the participants were outstanding. For the mixed double match Dave Albert and his partner (a senior) came in first with Susan Dufour and Coach Deschaine in second place. In the womens singles Susan Guerrette came in fourth with Debbie Albert in third and me in second, James Daigle came in third in the men's single.

The Junior-Senior Prom was almost a success, but the turn out wasn't what we had anticipated. Only twenty couples showed up, but they weren't all there at the same time.

## Senior Year

"Seniors?" Oh yes, that's us! It seemed so strange to be called "Seniors." They were always the people we looked up to and admired for their leadership in school activities. Now, here it was, our senior year, the busiest and perhaps the happiest year of our lives.

During the summer vacation a terrible tragedy happened. A dear classmate, Mike Gagnon, passed away after a motorcycle accident. We were all shocked. We will always remember him in our hearts.

Our officers for the senior year were: President — Dave Albert, Vice President — John Nadeau, Secretary — Kelly Michaud, and Treasurer — Jim Kavanaugh. We all said hello to a new classmate, Ron Guimond, who moved up from Connecticut during summer vacation.

The only person who went from J.V. to varsity was Debbie Ouellette, who gave it her best shot at the cheerleading try-outs, hip hip hooray!

Bill Desrosier emerged from the school. He single-handedly represented Wisdom High School in track. He won many awards, but out of all, perhaps the greatest was his meet in Wyoming. Yes, Bill was in the AAU Junior Olympics. Out of five hundred participants he came in eighth. Bill, we are all proud of you.

This year for the first time at Wisdom High School, there was a Donkey Basketball game. Among the seniors who participated were Dave Albert, Lisa Daigle, Debbie Albert, and Micki McQuarrie. I don't have to mention that the students defeated the faculty.

There was also for the first time, a Hot Shot contest. Our own Jim Kavanaugh and Kelly Michaud took first place in the 17-18 year old division.

We all felt the eagerness and spirit to win among ourselves when winter carnival came around. We finally took first place after a long battle with the other classes. Michelle McQuarrie was crowned queen and Brian Daigle king.

Everyday has been filled with the many responsibilities of being a senior, but we've enjoyed every moment of it. It has been wonderful to be called "Seniors" and to be honored with the privileges given to the graduating class. As we heard our names called to receive our high school diplomas at graduation we were all sad to leave Wisdom High School and all the dear friends that we had made. We also knew that as long as we'd live, we'd always cherish the happy memories of our wonderful years at Wisdom High School.

**It Has  
Only Just  
Begun**

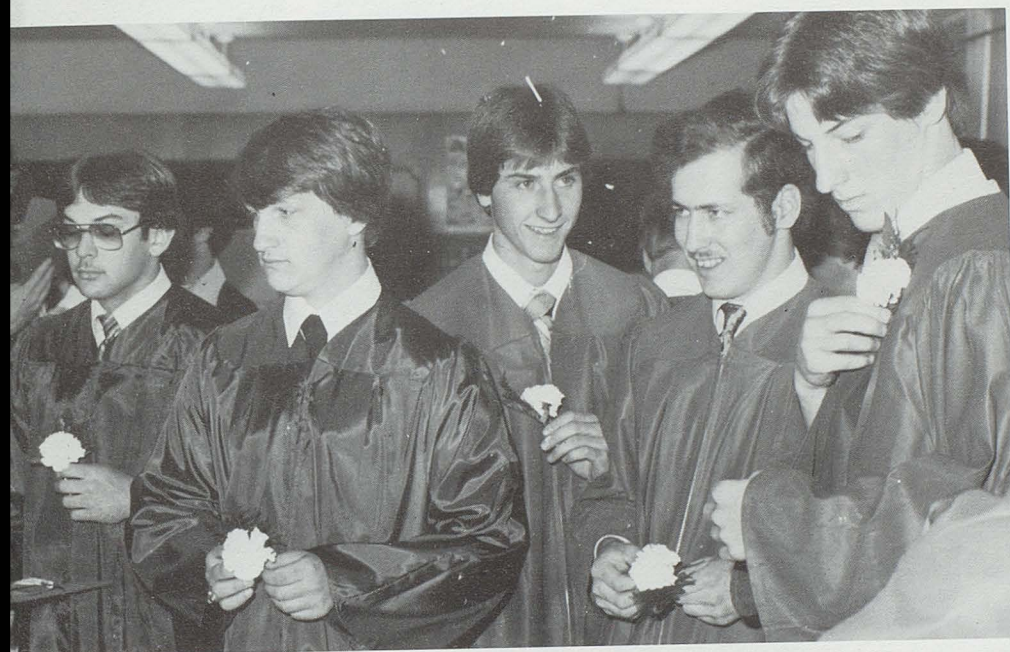

Memories of Mike are deeply engraved in the minds and hearts of many seniors. It seems as if it was just yesterday when Mike was here joking around and going through the thick and thin of high school, with us.

I personally knew Mike as the kind of guy who always had a smile on his face. It was stronger than he: he HAD to smile. Even when he was angry at someone, it wouldn't be long before he would go and apologize to that person and start smiling again. Mike was a guy who could stick up for his friends. Although he did this, he would never instigate trouble.

Mike did really well in school. All through grammar school, Mike maintained an average that kept him in the "A" group. I remember Mike saying, "After I graduate, I'm moving to Texas."

Mike was also a joker. He just loved to tell jokes as well as listen to them. If we'd ever hear someone laugh loudly, we would turn around to see Mike laughing. I also remember Mike for his sayings. He had a saying that he started, and all the other guys were soon repeating it, too. The saying "Know what I mean" probably brings back memories to the guys who knew him well.

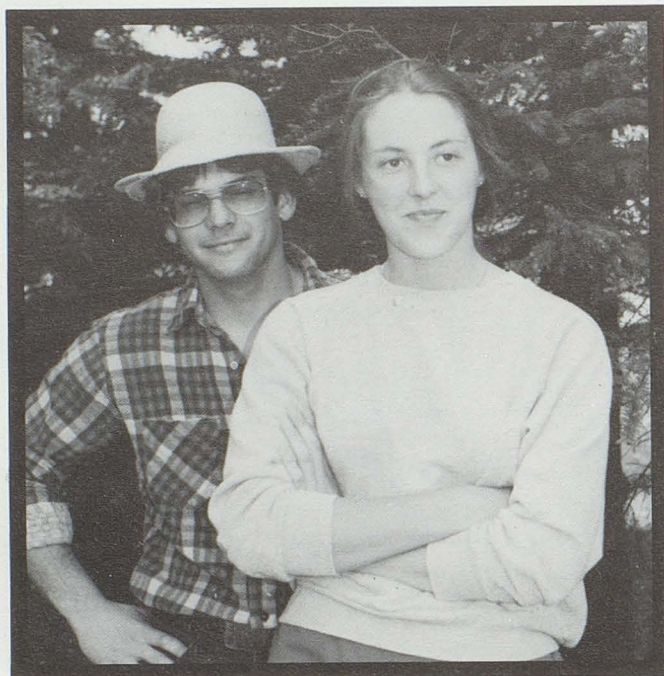

Mike was great in sports. Although he joined only the intramurals and winter carnival, he would encourage his friends by saying, "Don't worry if you mess up, you can't be worse than me."

Anyway you looked at him, Mike was a great friend. In fact he still is. He will remain in the hearts of many, especially the senior class of 81. Those who knew him, know what I mean when I say, Mike was an instigator of leadership and friendship, and we will always love him for that.

## COWBOY BLUES

Swinging doors and a juke box  
Drinking a hard cold beer  
Lovers dancing and giving one last twirl  
Cowboy boots on the tables  
And sitting close to your best friend's girl  
Making eyes at each other  
Bringing her to the famous Motel Earl  
Teeth are chattering  
Knees are knocking  
We both knew that we couldn't make it  
So we left to see a late movie  
Sitting closely side by side  
Seeing tears being wiped from her eyes  
The feeling of crying is incredible  
Trying to hold it in  
O Lord I felt the vibrations then  
She said I've made up my mind  
Then she told me this is good-bye  
Lord I never knew that a grown man  
could cry

DEAR DADDY,

Dear Daddy,  
 What if I came along  
 to meet you?  
 Would you say "I love you?"  
 I sure would  
 I know the pain and sorrow  
 Mama caused you to be  
 blue  
 Daddy, what if I stop loving  
 you?  
 Everytime I asked this question  
 to Mama; she would answer . . .  
 If you stop loving me, the grass  
 would stop growing,  
 The sun would stop shining.  
 So you see, If you want  
 to keep on loving me,  
 You'd better start loving me  
 again, Tommy.  
 It's incredible eh? Daddy?

P.S. xxxxxx  
oooooo

Love,  
Tommy
