# Camp Kieve

After a fun filled day, which was jam packed with various activities, the middle school then goes outside to engage in a fun hour of wall climbing. Of course it is extremely cold outside, but hey, that's life right?

*The Different Steps in Rock Climbing:*

Step One: Jessica Page is getting ready for the long climb up the wall.

Step Two: She then makes her way up the wall, making sure she's careful as she goes.

Step Three: She then starts to slow down as she reaches the top.

Step Four: She now makes her way back down the rock wall.
