Megan Oakes

Megan,
It's hard to believe how you have changed from the little girl we remember to the young woman you are now. The one thing that has never changed is your outgoing and caring personality. These qualities are what make you so special and will lead to great things for you in the future. We love you very much and are so proud of you.

Love,
Mom and Dad

Elise Ouellette

Dear Elise,
Over the years, we have watched you grow into a mature, young woman with many gifts and talents. Stay on the right path and follow your heart. We're so very proud of you!

Love,
Mom and Dad

Chelsy has always been kind, caring, thoughtful, intelligent, generous, and a loving daughter. I do now, and always will, love her with all of my heart and my soul. As for me being proud of her, I definitely am now and will always be. She has always done well in school, and I truly believe that she can accomplish anything in life she puts her mind to. She is fairly humble, and tends to not let everyone see how talented she really is. She will graduate and that in itself makes me the proudest man on the face of the earth. And to put the cherry on the cake, she has made a life altering decision that will change her life for the better. I am so happy that she has decided to aim high in life by deciding to join the U.S. Air Force and obtaining the career of her choice. There are no words that can describe how truly proud I am of my wonderful daughter.

Sincerely, Mark Theriault

Chelsy Theriault

Alexander Zetterman

To say we are proud of you doesn't even scratch the surface. To put it simply, you are an amazing person who is kind and compassionate with a wonderful sense of humor. People can't help but to like you. Responsible and driven with a work ethic not seen in most teens today. Don't ever sell yourself short or be afraid to try new things. You can achieve anything you set your mind to. Learn something new everyday and find a career that makes you truly happy. As you enter this world into adulthood, we wish you all the best and give you all our love and support in everything you do.

All our love, Dad, Sue, Nana, Mindy, Zack, Katelyn
