WISDOM  
HIGH  
SCHOOL  
SAINT AGATHA,  
MAINE

## THE BRIDGE THAT GUIDES

Like frost on a pane the film  
lingers

About our heads when the present

Fades into memory; whose fingers

Creep with the soul of Wisdom

And the price of memory spent

Hushed from these sacred halls

We, journeymen bond from the  
common weld

Of Wisdom's fast trade, ne'er falls

In the works of ages, steel  
and men

With this bridge, tempered, has  
held

It is now for us to embark upon

The voyage of memory and strife

Till the halls of Wisdom crumble  
and are gone

Yet fastens to our hearts like  
steel

And steadies our course in life

By David Wylie

Anything as important and as interesting as high school, its events and the friends that shared them, should be preserved for the future. The best means of recording any facet of an experience which one feels will be worth remembering is the taking of a picture. Photographs are lasting impressions of a moment, and the moment is the construction block from which the pattern of life is built.

The yearbook staff has attempted to portray in pictures and words your lives as you have lived them during this school year. If you can place yourself in a scene or enjoy an accomplishment, the yearbook has succeeded.

A monochromatic red photograph of the Washington Monument. The monument is a tall, slender, white obelisk that tapers to a point at the top. It is centered in the lower half of the frame. The background is a solid, vibrant red. Bare, dark tree branches with small, intricate leaves or buds are silhouetted against the red background, framing the monument from the top and sides. At the base of the monument, there is a dark, horizontal line representing the ground and some distant structures or trees.

## **EDMUND S. MUSKIE**

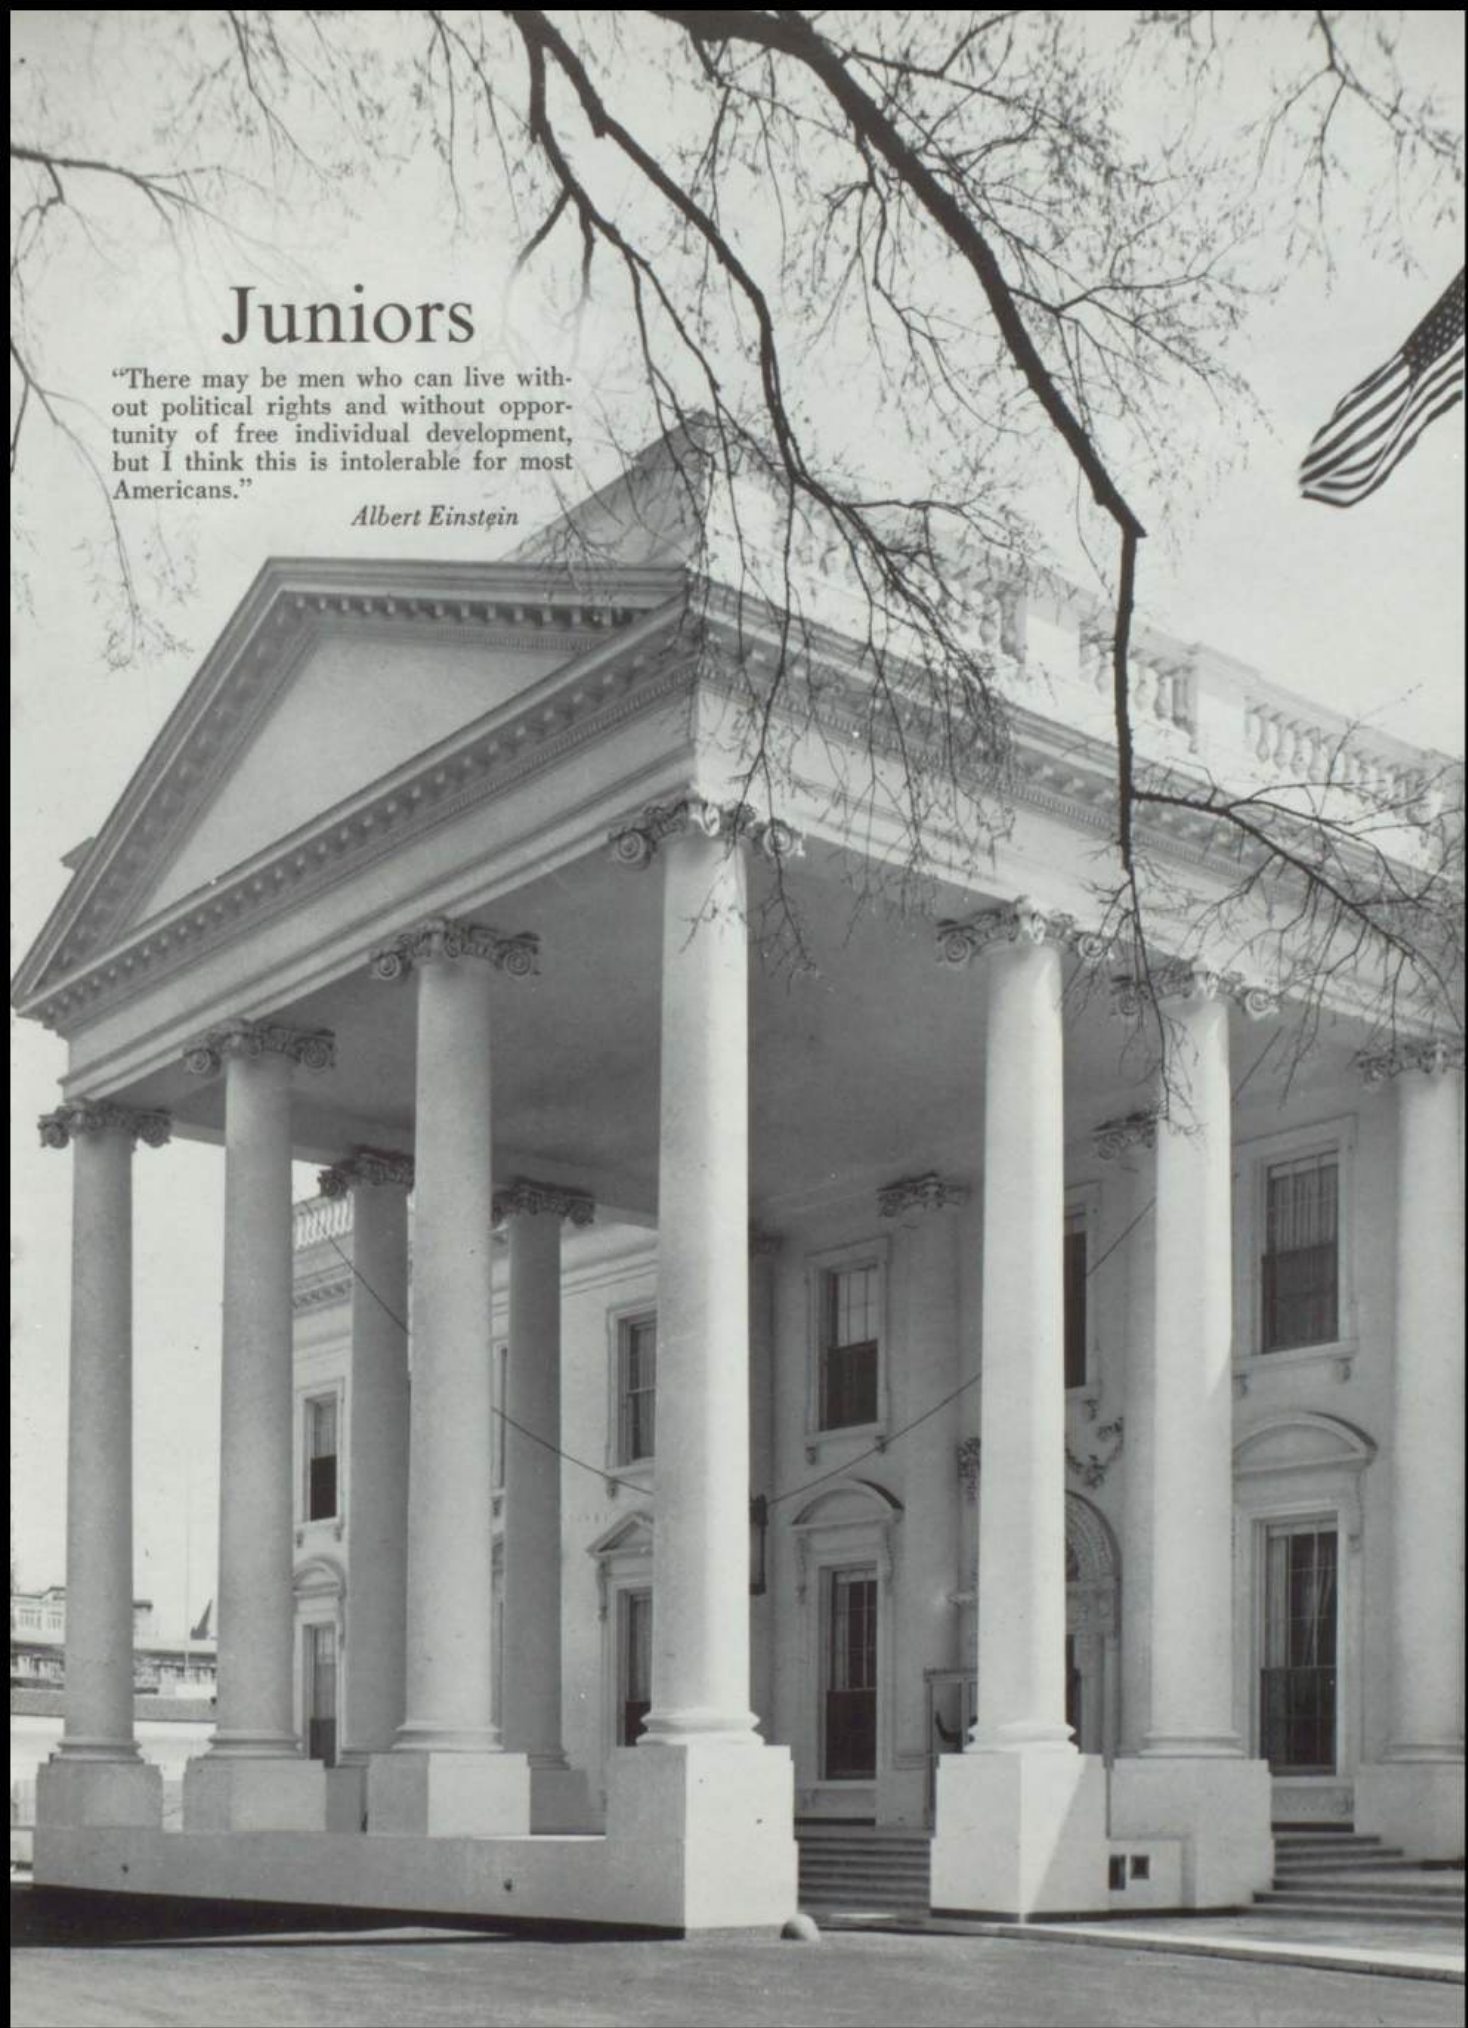

In the two short months prior to the National Elections, Maine's Senator Edmund S. Muskie emerged as a national leader. His ability, judgment, and sincerity have impressed millions of Americans. We, the Senior Class of 1969, pay tribute to this great American.

A black and white photograph of the U.S. Capitol building. The image shows the iconic dome on the left, partially cut off by the frame. Below the dome is a curved portico with a series of tall, fluted columns. To the right, a triangular pediment is visible, featuring a relief sculpture. Below the pediment is another set of columns. Qu est-ce que PACE/FABRIC? PACE/FABRIC est le développement graduel d'un programme scolaire bilingue et bicultural, subventionné par le gouvernement fédéral et ayant comme résultat final, l'amélioration du système éducatif de SAD 33. Les buts principaux seraient: le renforcement des aptitudes en lecture, en écriture et en diction anglaises; la conservation de la langue, de la culture, et de l'héritage de nos ancêtres Franco-Acadiens; le fusionnement des aspects favorables des deux cultures, avec l'intention de former des diplômés qui seront 100% Américains, mais étant capables de lire, d'écrire et de parler les deux langues avec une aisance égale.

What is PACE/FABRIC? PACE/FABRIC is a bicultural-bilingual curriculum revision project, sponsored for a three year period by the National Defense Education Act, Title III, to improve the educational situation in SAD #33 Schools. Major goals are: Improvement of modern skills in reading, writing, and speaking English; retention of the language, culture and heritage of our Franco-Acadian ancestors; the blending of the best from both cultures to produce graduates who are 100% Americans, yet capable of reading, writing and speaking both languages with equal ease.

# PACE/FABRIC CO-DIRECTORS

1. Mrs. Roberta LaBrie, Secretary; Sr. Dolores Pelletier, Mr. Glen Wilcox.
2. Mr. Robert Ouellette.
