

I'M A VERY RICH MAN WHO IS LOW ON MONEY

My investment portfolio doesn't exist
I've got no stocks options or bonds.
But when I come home after a hard days work
I hear "I love you" from 3 beautiful blonds.

I'm a very rich man who's low on money
But I value each kiss and smile
Mansions of stone and strings of fine dialmonds
We're puttin on hold for a while.

Chorus

I'll run out of money before I run out of month
But I never run out of love
Bars of silver and gold couldn't replace
All my blessings that come from above

I'm a very rich man who's low on money
But it's ok I'm doin' fine
Big fancy cars and bigger empty houses
Can't compete with all that is mine

Chorus

Buy a couple of subs with coupons no onions
And a bottle of two buck chuck
Watchin a sunset with the lady I love
Now tell me who's in the luck

I'm a very rich man who's low on money
Sometimes I wish I had more
But that look in your eye as we walk up the stairs
Causes my spirits to soar

Chorus

As the girls get bigger it gets harder to pay
For all the things that they need.
They demand nothing and ask for so little
From you they learned sharing not greed

I'm a very rich man who's low on money
Designer clothes don't fit into my plan
This family of mine seems to lovingly know
I'm doin the best that I can

Chorus

The times keep getting just a little bit better
I know we're gonna make it through
It's takin' lots of hard work, you've had very few frills
Yeah, we'll make it because of you

**I'm a very rich man who's low on money
But I'm not gonna complain
I know some shallow near empty men of means
Spendin' their way through their pain.**

Chorus
