SPRD-FAST

Sprd-Fast (Silicon Spreader + Penetrant)

- non ionic Silicon PolyEther spreader.
- specially formulated with low molecular weight.
- in aqueous solution, it reduces the surface tension & provides great coverage + penetration.
- it lower tension dramatically i.e. below 22m/Nm.
- aqueous solutions with Sprd-Fast have zero contact angle with leaf.

Dosage :

Use 30 to 50 ml per 200 Ltrs water for all PGRs / Pesticides spray.
