## PRODUCT DATA SHEET

Cobalt Glycinate Co - 10 % (Tech Grade)	
Parameters	Standard Values
Physical Parameters:	
Description	A fine, free flowing spray dried powder containing amino acid Glycine and Cobalt
Colour	Light Pink coloured powder.
Solubility	2 % solution in distilled water is soluble.
Loss on Drying	NMT 10.00 % w/w by AOAC Method
Chemical Parameters: (On Dry Wt. Basis)	
Total nitrogen (N)	NLT 4.00 % w/w By Kjeldahl's method.
Cobalt content (Co)	NLT 10.00 % w/w as estimated by AAS Method
Microbiological Parameters:	
Total plate count	NMT 10,000 CFU per gram.
Yeast & mould	Absent.
E. coli.	Absent.
Salmonella	Absent.
