PRODUCT DATA SHEET

Soya Protein Hydrolysate (Tech Grade)	
Parameters	Standard Values
Physical Parameters:	
Description	A fine, free flowing slightly hygroscopic, spray dried powder containing amino acids, short chained peptides derived from high quality non gmo soya by controlled hydrolysis.
Colour	Cream colored powder.
Solubility	10 % solution in distilled water is clear
Loss on Drying	NMT 7.00 % w/w By AOAC Method
CHEMICAL PARAMETERS:	
Total Nitrogen	NLT 12.00 % w/w as estimated by Kjeldahl's method
Total Protein (n x 6.25)	NLT 75.00 % w/w as estimated by Kjeldahl's method
MICROBIOLOGICAL PARAMETERS:	
Total plate count	NMT 10,000 CFU per gram.
Yeast & mould	Absent.
E. Coli.	Absent.
Salmonella	Absent.
