Note: Only one of 26A or 26B will be rented.

27 42.262912, -81.871689

29 42.265283, -81.875117
Option 1 — south end of the Marsh Trail. Canoe at the south end. Walk, boat or bike to the end of the trail, then paddle back north to the blind. Stay close to the east side of the pond; boats have opened up a bit of a cut. Follow the cut or stakes to the blind. Tough paddle but doable.
Option 2 — Canoe for 29, reflector on the Marsh Trail (route in blue). No stakes until in the main pond. Straight off the trail on the cut path through the rice, walk until you can't, then get in the canoe. At the little opening jog left, follow open water out to the pond. Mostly paddling.
