# LEGAL

---

BMW is committed to the protection of your privacy, and assures you of the confidential processing of information you submit or to which it has access. This information will be used by BMW in connection with the provision of its services and products and the management of its commercial relationship with you, to promote services and products offered by BMW, its associated companies or carefully selected referred partners, to develop statistics or market studies, and to be able to contribute to combating fraud in the automotive sector and promote the safety and protection of the environment. For the same purposes, and subject to any objection on your part, your details can also be provided to companies affiliated with BMW or other companies with which BMW maintains close contractual ties for activities or services (such as BMW, MINI and BMW Motorrad), or any other third party for the purposes of compliance with its legal obligations. You have access to and the right to correct the information at any time. You may also object to any processing of this information for promotional purposes and/or the information being passed on to third parties. To exercise these rights it is sufficient to submit your request dated and in writing to the party responsible for processing the information.
