Naturdor®
Real Wood Veneer

Oak Crown Cut | Door model PG1VL

Naturdor®

The natural beauty and authenticity of real wood veneer!

Unique in appearance, texture and grain configuration

Maple Crown Cut

Birch Crown Cut

Ash Crown Cut

Oak Crown Cut

Walnut Crown Cut

- Superior crown cut quality veneer
- Unvarnished or fully finished doors
- Glazing, groove and inlay options
- Fire performances available
- TSCA Title VI and CARB Phase 2 compliant
- FSC® certified

Enhanced finish. Taking veneer to another level!

Matt

A flat and low reflective surface which provides a classic understated charm.

Satin

Subtle yet with lavish feel, the satin finish enhances the quality of real veneer.

High Gloss

Luxurious appeal. Adding a gloss sheen will transform your project.

Quarter cut

Crown cut

Deep Textured

The authentic touch of an open grain and a less regular surface.

A glance guide

1

Specification

Specify your product and machining requirements according to the specific needs of your project.

2

Take-off Technical drawings

Invisio Doors & Design offers tailored pricing and provides detailed technical drawings aligned with your door project vision.

3

Customized Samples

Invisio Doors & Design will manufacture samples or full-size doors to facilitate a more thorough evaluation and obtain approval.

4

Production Kick-off

After your approval, state of the art machinery will produce your project vision with exceptional precision and quality.

5

Palletizing Doors as you need

Doors are securely palletized to ensure safe transport and prevent damage. Doors can be labeled with coordinates to streamline distribution within the project.
