

# Open the Door to Great Futures in Marshall County.

## Our Club Kids Need YOU!

### About Us

The Boys & Girls Clubs of Marshall County is where local kids and teens find safety, support, and a sense of belonging. Every day in Plymouth and Bremen, kids are surrounded by caring adults who help them grow, discover their strengths, and build confidence for the future. Our Clubs are more than a place to go after school, they are a second home. Families rely on us, kids trust us, and our community is stronger because of the futures being shaped here.

**1,000+**

Youth served in our two Clubs  
and Teen Center

**25,000+**

meals & snacks served

**Low Cost Membership provides  
access to all families providing  
quality & impact.**

### Our Approach

We ensure kids and teens have access to safe spaces, caring adults, and meaningful opportunities. Families are paying a minimal fee for access. The community pays for impact. By keeping costs low for families, we remove barriers and ensure every child can participate. Community support makes this possible, covering the cost of giving the kids a true experience.

#### **INTEGRITY.**

Having a code of moral goodness, honesty, and character while teaching values to our youth.

#### **COMMITMENT.**

Strengthening through engaging programs that support learning, confidence, and healthy development.

#### **QUALITY.**

Providing a level of excellence with quality trained staff, programs, and safe spaces for every child.

## The Need for Community Support

Membership fees cover only a small portion of the true cost to serve a child. Nearly 95% of each child's Club experience - staff, meals, programs, and safety - is made possible through charitable support and fundraising efforts.

### 3-in-4

recent high school graduates feel underprepared for life after high school.

### 2-in-3

fourth graders in America today are not proficient in reading.

### 1-in-5

students have experienced bullying on school property, while 1-in-6 has been bullied behind a screen.

### 3-in-4

young people believe the U.S. is more divided than ever.

## Our Impact

High-quality youth programs improve academic success, well-being, and graduation rates. In Marshall County, kids gain confidence, build healthy relationships, and feel safe because our community invests in them.

### 93%

feel emotionally & physically SAFE with our dedicated team of staff

### 91%

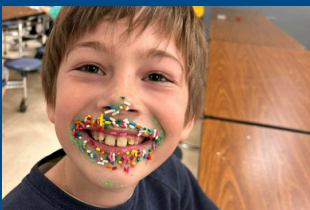

love the opportunities and understand expectations while at the Club

### 88%

experience supportive relationships with adults and peers at the Club

### 87%

have fun and feel a sense of belonging while at the Club

## Join Us

At the Boys & Girls Clubs of Marshall County, we are committed to one mission: empowering every young person in our community, especially those who need us most, to reach their full potential. If the Boys & Girls Clubs of Marshall County did not exist, many families would face difficult and costly choices for their children's care and safety.

By supporting the Club, you help keep access affordable for families while ensuring kids have a safe place to go, caring mentors, nutritious meals, and opportunities to grow. Your generosity makes it possible for our community to carry the true cost of impact, so every child can thrive, regardless of income.
