## Charmed Runners!

Table runners are commonly used to make table decorations more visually appealing. Using a table runner is a popular option for people who prefer their decorations to match, giving a consistent and symmetrical finish. If you love the beauty of your table but want to provide some protection to keep the top of it safe from spills, stains, or food, then a table runner is an ideal choice. But using a table runner in your seasonal décor is the most widely used reason.

GTP has numerous Table Runner Kits, using charm packs in gorgeous fabrics and colors. Check them out in the shop. On this page are just a few of your options.

The décor on your table can say a lot about your personal style. If you prefer a formal experience, you might choose to use classic fabric. If you prefer a more casual experience, you might choose to use fabric that is themed, wild, neutral, whatever! What a great way to show off your style. And we have the kits and/or fabric to do just that.

## *SIMPLE WHATNOTS CLUB – Collection 14*

GTP is please to announce our participation in the FOURTEENTH collection of the *Simple Whatnots Club* by the talented Kim Diehl. These petite projects (typically 40" square or less) are colorful and fun, using Kim's own fabric lines. The fabric line used in this year's club is shown below. There are 7 spots available.

**We are handling this club the same as last year.**

- You can have ALL the fabric and 8 patterns for a 15% discount or . . .
- You can have two shipments, each containing half the fabric and 4 patterns for a 10% discount. First shipment is now, second shipment will be approximately May 1.

No individual kits will be cut this year.  
You must take all 8 kits.
