2023 SUMMER READING ONLINE REGISTRATION

Registration begins June 21. Logging period is June 28 – August 18.

To sign up for our Summer Reading Program please go to:

<http://elbridgefreelibraryny14.readsquared.com>
(This link is also posted on our website)

- On the right side of the page, click **Login** OR **Register Now**

If you created a READSquared account in the past:

- Your access information will use the same username/password.
- Enter your login information. Your username is separate from your email address.
- If you've forgotten your information, there is a link on the log in page to have it sent via email.
- After login, your current accounts page will show reader accounts. Select a child and click "enroll". Update the age and program to enroll by making selections in the drop down menu. Then click the green "enroll" button.
- The "current/reader accounts" page is where you add another child to the program.
- After each child is updated, click "info" to verify contact information is up to date. Click "save changes" if any changes are made.

If you are registering in READSquared for the first time, click "Register Now". Then review the registration options below:

- Older children/teens may create their own account under "myself only" during registration. They will be responsible for their username and account password.
- As a parent, if you are only registering one child, please choose "myself only" and enter your child's information.
- As a parent, if you are registering multiple children in your family, please choose "myself + others".

The Primary Account Information only needs one username and password for the whole family, but allows you to sign up your children and log their reading together or separately as they read different books (i.e. if you read The Very Hungry Caterpillar, you may log it for Child 1 and Child 2 at the same time).

Enter the appropriate registration fields as required to complete your registration. You should receive an email upon registration for each participant.

Logging Books & Earning Points:

The logging period runs from **June 28 – August 18**. Each participant has his or her own account listing in the drop down menu under “Reader Accounts” (left hand side). Each Reader Account serves as a dashboard for the selected participant and their program information, including points accumulated.

- Choose the participant for whom you would like to log a book.
- Click “log reading”.
- Highlight the participant by clicking their name and changing it from red to green. At this point you may select multiple participants if they read the book that is being logged.
- Enter book title and author information, then submit.

Tickets & Prizes:

For each book logged, participants will earn one digital point on READSquared. Digital points will accumulate on your account throughout the summer as the program progresses. At the close of the Reading Program on August 18, 2023, your digital points will be converted to physical tickets. At that time you can stop into the library and enter your tickets into our raffle prize options. Winners will be chosen, and no one leaves empty handed!

This is my READSquared Login Information:
