2026 SUMMER READING ONLINE REGISTRATION

Registration begins June 22. Logging period is June 29 – August 16.

To sign up for our Summer Reading Program please go to:

<http://elbridgefreelibraryny14.readsquared.com>
(This link is also posted on our website)

- On the right side of the page, click **Login** OR **Register Now**

If you created a READSquared account in the past:

- **Your access information will use the same username/password.**
- **Enter your login information. Your username is separate from your email address.**
- **If you've forgotten your information, there is a link on the login page to have it sent via email.**
- **After login, your current accounts page will show reader accounts. Select a child and click "enroll". Update the age and program to enroll by making selections in the drop-down menu. Then click the green "enroll" button.**
- **The "current/reader accounts" page is where you add another child to the program. Reader Accounts is under the Accounts tab.**
- **After each child is updated, click "info" to verify contact information is up to date. Click "save changes" if any changes are made.**

If you are registering in READSquared for the first time, click "Register Now". Then review the registration options below:

- Older children/teens may create their own account under "myself only" during registration. They will be responsible for their username and account password.
- As a parent, if you are only registering one child, please choose "myself only" and enter your child's information.
- As a parent, if you are registering multiple children in your family, please choose "myself + others". Please select your age and then "I will choose program later" for the primary account. The first name

you enter into registration will be the parent name. Additional readers will be added as you are prompted.

The Primary/main Account Information only needs one username and password for the whole family, but allows you to sign up your children and log their reading together or separately.

Enter the appropriate registration fields as required to complete your registration. You should receive an email upon registration for each participant. If you have questions, send us a FB message, call the library or stop in.

Logging Minutes & Earning Points:

The logging period runs from **June 29 – August 16**. This year we are logging based on the number of minutes read. Each participant has his or her own account listing in the drop-down menu under “Reader Accounts” (left hand side). Each Reader Account serves as a dashboard for the selected participant and their program information, including points accumulated.

- Choose the participant for whom you would like to log reading time for.
- Click “log reading”.
- Highlight the participant by clicking their name and changing it from red to green. At this point you may select multiple participants if they shared the reading time that is being logged (i.e., adult read them the same book together).
- Enter minutes read, book title and author information and then submit.
- On the app, you may also enter the ISBN (unique numeric identifying barcode located on the bottom of the back cover). The ISBN is not the library barcode.

Tickets & Prizes:

For each minute read that is logged, participants will earn one digital point on READSquared. Digital points will accumulate on your account throughout the summer as the program progresses. At the close of the Reading Program on August 16, 2026, your digital points will allow you to choose from a range of prizes, as shown on our Summer Reading Prize sheet. Beginning on August 19, you can stop into the library and choose your prize. If you log at least 50 minutes, no one leaves empty handed!

This is my READSquared Login Information:
