

HOW TO START A CHAPTER

Build something better together

WAMG chapters empower women and non-binary students to pursue advocacy through mentoring, connection, and support.

Here's how to bring WAMG to your campus.

1

REGISTER YOUR INTEREST

Reach out to the National Executive to let us know you're interested.

- We will organise an introductory meeting
- Answer any questions
- Talk through your goals
- Provide ongoing support throughout the process

2

CHOOSE YOUR CHAPTER MODEL

There are two ways to establish a WAMG chapter:

OPTION A - Independent Chapter

- Run WAMG as its own student initiative, led by law students.

OPTION B - Through your Law Students' Society

- Establish WAMG as part of your Law Students' Society.

There is no 'right' approach - every university is different.

3

BUILD YOUR TEAM

Find one or two students who are interested in helping. You don't need a large group - we recommend beginning with:

- Chapter Lead (or Co-Leads)
- A small group of volunteers (optional)

You can always expand as your chapter grows.

4

CONNECTING WITH YOUR STUDENT BODY

Once your chapter is established, let people know you're here! Promoting your chapter early helps build momentum and attract members.

- Create your own social media accounts
- Ask your Law Students' Society to promote events
- The National Executive will promote your events
